MUCH DISCUSSION OF SHIP LIQUOR

British Papers Devote Space
to U. S. Situation

No Protest On Breaking of
Seals, Says Baldwin

London, June 25.—The seizure of liquor on British liners in New York continues to be the outstanding feature in the press. In several of the editorial articles there is a decided note of anxiety lest the controversy lead to serious ill-feeling between Great Britain and the United States. These newspapers express the hope that people here will refrain from intemperate and uninformed criticism of what is held to be a purely legal question.

The hasty condemnation of the United States Supreme Court's liquor ruling, which marked some of the earlier comments is also deprecated in a section of the press which pays high tribute to the exalted legal and moral status of the court.

The Daily Telegraph urges as the best immediate solution "recourse to arbitration and suspension of the new regulations pending the decision of a chosen tribunal."

This solution is also advocated by The Graphic.

Urged to Avoid It All.

The Daily Chronicle, endorsing Mr. Lloyd George's attitude toward the situation, urges the British Government avoid attempting to take a hand in the conflict of wets and dries in the United States.

"If the prohibition law in the United States should fail," says this newspaper, "the worst possible thing would be that the failure should be capable of being ascribed to British interference."

Smugglers Scored.

The Chronicle also seriously regrets the smuggling of liquor into the United States from ships flying the British flag, and the same point is made by several other newspapers which disapprove of helping United States citizens to break their own law.

What is presumably the official view of the Socialist Party is expressed by The Daily Herald, which says the United States is perfectly within its rights and that it would be a disgrace in Great Britain for any hostile action toward the United States on a matter like this.

No Protest.

London, June 25.—Premier Baldwin stated in the House of Commons to-day that there was no ground for protest if British customs seals were broken within United States territorial waters by officials of the United States customs service. His statement was in answer to a question whether the British Government recognized the United States Government's right to break the seals on liquor aboard ships.

Matter of Routine.

Mr. Baldwin said it was the practice of the British customs authorities to fix their seals as a matter of routine on dutiable ship stores taken from the United Kingdom in bond to the United States. The seals must not be broken in British territorial waters, but otherwise they were in no way invalid in the United States. Foreign customs seals, he added, were habitually broken when necessary arose in British territorial waters.

Lloyd George's View.

London, June 25.—Addressing a large congregation in the Welsh Baptist chapel here yesterday, former Premier Lloyd George made some interesting observations regarding the prohibition situation in the United States. During his discourse, he made it apparent that he did not share the views of certain of the British newspapers concerning the lack of right of the United States authorities to seize British liquor stores aboard ships.

EXPECTS STRIKE IN NOVA SCOTIA

Miners' Secretary Tells of
Men's Vote This Week

Says Miners Willing to Accept
1921 Wage Agreement

New Glasgow, N. S., June 25.—J. H. McLachlan, secretary of District 26 of the United Mine Workers of America, says a copy of President John L. Lewis's telegram forbidding a strike in Nova Scotia will be attached to each of the strike ballots to be sent to the miners this week. He expects the ballots will be in the mail by Wednesday, and that within a week the question will be voted on.

Mr. McLachlan anticipates a strike on June 27, in the event of a vote against the 1921 wage agreement.

SEVEN KILLED IN NEW YORK SMASH

Two-Car Elevated Train
Plunged to Street Below

More Than Forty Persons
Were Injured

New York, June 25.—At least seven persons were killed and more than two score injured this afternoon when a two-car train plunged from the Brooklyn-Manhattan transit elevated structure at Fifth and Flatbush Avenues in Brooklyn and were smashed to matchwood. Of the injured, at least five are expected to die.

Ten clergymen rushed to the scene and plunged into the wreckage to minister to the dying.

An unofficial explanation of the accident was that an axle on one of the cars had broken and that this had tipped up the outside rail, causing the train to plunge to the street.

Witnesses said something went wrong with the first truck of the leading car and it plunged over the side of the structure, dragging its mate with it. Part of the structure itself was carried away.

In falling, the train crushed two automobiles beneath it.

Four Women Killed.

Four of those who lost their lives were women. The first bodies identified were those of Alexander Lowsky, Brooklyn.

Firemen tossed aside their helmets and rubber garments and plunged into the wreckage, tearing at the timbers with their hands when axes and crowbars could not be used without endangering the injured.

164 Rural Polls Still to Be
Heard From

Winnipeg, June 25.—With 164 rural polls still to be heard from, the majority for the Manitoba Moderation League's Bill for Government control of liquor polled in Friday's referendum stands at 32,034. The vote was: Wet, 32,034; Dry, 32,034.

Of the constituencies from which complete returns have been received the following are definitely in the wet column: Assiniboia, Birtle, Brandon, Dauphin, Irberville, Morden, Rhineland, St. Boniface and Winnipeg.

The following voted dry: Arthur, Beautiful Plains, Cypress, Delta, Gilbert Plains, Glenwood, Hamiota, Killarney, Manitowish, Minnedosa, Portage la Prairie and St. George.

On Incomplete Returns.

According to incomplete returns, the following went wet: Carleton, Elthelbert, Emerson, Fairford, Fisher, Kildonan and St. Andrews. La Verendrye, Morris, Roblin, Rockwood, Russell, St. Clements, Springfield and The Pas.

According to incomplete returns, the following voted dry: Deloraine, Gimli, Gladstone, Lakeside, Lansdowne, Mountain, Norfolk, Swan River, Turtle Mountain and Virden.

PTARMIGAN MINES

SUBJECT OF REPORT

Was Formerly Scene of Development in Clayoquot
District

Conflicting reports regarding the Ptarmigan Mines on Bear River, at the head of Bedwell Sound, in the Clayoquot Mining Division are current here to-day. One report says they have been bonded by an American company, who will do some development work.

Another report credits the company with intentions to dispose of its equipment.

The Ptarmigan Mines were considerably to the fore in 1913, when a company of that name, with head offices in London, England, and whose consulting engineer resided here, held the property. There were some influential men behind the syndicate in the Old Country.

The company spent a considerable amount of money in building a road and opening several tunnels, the highest elevation of the latter being over 5,000 feet above sea level.

The road was constructed for seven and a half miles, including a number of bridges, the chief one being a suspension bridge over a deep valley two miles of trail. There was still a considerable area of the road to build when the work came to an abrupt end seven weeks after the Declaration of the Great War. The company at the time it operated averaged a payroll of forty, with a disbursement of about \$40,000 to \$50,000 per season.

The ore carried gold and silver values.

CUNO DECLARES RUHR RESISTANCE TO BE CONTINUED

London, June 25.—Chancellor Cuno, in a speech Sunday at Koenigsberg, according to a Berlin dispatch to the Central News, reiterated that passive resistance in the Ruhr would be continued as long as necessary in the interests of Germany.

ROYAL MAIL LINER ASHORE NEAR BERMUDA

Hamilton, Bermuda, June 25.—The Royal Mail Line steamship Dauntless, bound from Halifax to the West Indies, was on the reefs twelve miles north of Bermuda at daylight to-day. She is believed to be breaking up. All available ocean tugs have gone to take off the passengers. A high sea is running but no loss of life is expected.

OTTAWA SESSION TO END THIS WEEK

Some Members Expect Pro-
rogation As Early As
Thursday

Ottawa, June 25.—This week is expected to be the last of the session of Parliament. By some prorogation is put as early as Thursday, by others as late as Saturday. It is pretty generally accepted that the session will be over by the end of the week.

The only serious obstacle to prorogation is now said to be in the Senate. The Bank Bill was put through the committee stage and good progress is being made in the Upper House. Redistribution has not been disposed of, but it is understood it will be dropped.

In the Senate an inquiry into the returned soldier legislation has been opened and the length of this is stated to be the determining factor in choosing the date of the closing of Parliament. It is not expected, however, that this will cause a delay beyond Saturday.

The legislation in the Commons is scheduled to start off with a debate on the Union Bank statement Robert Forke, Progressive leader, will move adjournment of the House to discuss the situation in regard to this bank, but the debate is not expected to be long. After that the Minister of Railways is to go on with some legislation in regard to branch lines of the National Railways.

SOLDIERS' BILLS

BEFORE SENATE

Ottawa, June 25 (Canadian Press).—The Senate of Canada was instituted to check legislation carried by the House of Commons.

According to incomplete returns, the following went wet: Carleton, Elthelbert, Emerson, Fairford, Fisher, Kildonan and St. Andrews. La Verendrye, Morris, Roblin, Rockwood, Russell, St. Clements, Springfield and The Pas.

According to incomplete returns, the following voted dry: Deloraine, Gimli, Gladstone, Lakeside, Lansdowne, Mountain, Norfolk, Swan River, Turtle Mountain and Virden.

EDUCATIONISTS AT LONDON CONFERENCE

Empire Meeting Opened By
Duke of York To-day

Devonshire Speaks of Can-
ada's Handling of Problems

London, June 25.—The Imperial Conference on Education, at which all the Dominions and colonies of the Empire are represented, was formally opened by the Duke of York to-day. He was supported on the platform by Right Hon. E. F. Wood, President of the Board of Education, the Duke of Devonshire, Secretary for the Colonies, and the High Commissioners of the Dominions, including Hon. Peter Larkin of Canada.

In his speech, the Duke of York declared that apart from the value of the discussions of the conference, the gathering was of great value in that it brought educationists and delegates from overseas into personal contact.

Spoke of Canada.

The Duke of Devonshire in moving a vote of thanks to the Duke of York, referred to his experience in Canada during his term as Governor-General and declared that the Dominion might well be envious of the Dominions. Britain, he said, grappled with her difficulties and considered them in terms of square feet, while Canada, in dealing with her problems, measured them by acres and miles.

He cited a visit he paid to a university in Western Canada where he observed that the extension plans of the institution were rather ambitious, but he received the retort that the university was not building for to-day or to-morrow, but for centuries ahead.

Hon. Peter Larkin spoke briefly in seconding the vote in behalf of the High Commissioners.

Berlin, June 25.—Street fighting took place at Elsbethen, Prussian Saxony, between Nationalists and Communists on the occasion of the unveiling there of a memorial to the assassinated German Foreign Minister, Dr. Walter Rathenau, the Central News states. Two of the demonstrators are reported to have been killed and twenty-five seriously injured.

AGREEMENT ON

MOSUL PROBLEM

British and Turks to Settle It
Or Have Arbitration

Lausanne, June 25.—The attempt Saturday by the Allies and Turks to clarify the critical situation which had arisen in the Near East Conference was successful in one way and disastrous in another.

Towards the end of the session, which lasted well into the night, the Turks announced they could not discuss the question of Mosul until the evacuation of foreign troops from Turkey and the question of the Ottoman debt were satisfactorily disposed of.

The meeting got nowhere in the big unsettled questions, but an agreement was reached on one important point, namely, that Great Britain and Turkey should settle the Mosul controversy between themselves within nine months after the signature of peace, failing which Great Britain would bring the controversy to the League of Nations for settlement by arbitration.

Five British companies doing business in Turkey, including the Vickers-Armstrong organization, have reported to the British delegation that they have utterly failed in their Anglo-Turkish negotiations to make satisfactory arrangements with Turkey concerning the future status of their concessions. This means that the Lausanne talks, which were intended to be a pre-war conference, must be formally protected by the Lausanne Treaty.

The evidence given at the session of the trial on Saturday by Oscar Haynes, the gunman who sold an automatic revolver to Delorme, brought out the fact that the latter had not come purposely to buy a new revolver, but to fetch an old type weapon, which he had left at the shop to be repaired.

Haynes stated that Delorme had come to his shop on December 29, 1921, and had agreed to buy the more modern weapon which he had seen it tested and actually had tested it himself in Haynes' shooting gallery.

Time Element

In the evidence of Lily Delorme, sister of the accused man, stress was laid by the prosecution on the question of time. To test the witnesses' ability to recall, Mr. Calder, counsel for the defense, asked her to read the time from it. After some hesitation she replied that it was 15 o'clock. At that time the clerk of the court showed that it was 10 o'clock. The witness was, however, very nervous and shortly afterward broke down and cried bitterly.

Longer Sessions to Lead to
Early Verdict

Montreal, June 25.—Commencing to-day the hearing of the charges against Rev. Adelard Delorme of having murdered his half-brother, Raoul, in January, 1922, will be speeded up. Following announcement by Chief Justice Sir Francis Lemieux, the sessions will commence at the usual hour in the morning, and will be adjourned until seven or possibly 8 o'clock in the evening during this week.

Met of House.

R. L. Calder, K.C., crown prosecutor, hopes to complete the case for the crown by Wednesday and this will be greatly facilitated after the production in court to-day of a four-foot high model of the house occupied by Abbe Delorme at the time of the murder of Raoul. This model can be taken to pieces, flat by flat, and will be used to show the jurors exactly where each witness called said he was on the day of January 6, 1922.

Heard Motor.

Pierre Latine, a neighbor of the Delorme family and his wife this morning told of having heard the motor in Father Delorme's garage running between 10.45 and 11 o'clock on the morning of January 6, 1922. Later, about one a.m., they heard the Delorme furnace being shaken.

Mme. Latine said she also heard a woman's voice about one o'clock say to someone: "Aren't you coming upstairs?"

Mme. Latine is the first outside witness to corroborate the evidence of Lily Delorme to the effect that she had spoken to her brother around one o'clock asking him when he was coming up from the cellar.

Private Detective Testified.

Percy H. Akin, a private detective who lived next door to the Delorme residence, told of having heard a motor car either entering or leaving the Delorme garage about 11 o'clock on the night of January 6, 1922.

The evidence given at the session of the trial on Saturday by Oscar Haynes, the gunman who sold an automatic revolver to Delorme, brought out the fact that the latter had not come purposely to buy a new revolver, but to fetch an old type weapon, which he had left at the shop to be repaired.

Haynes stated that Delorme had come to his shop on December 29, 1921, and had agreed to buy the more modern weapon which he had seen it tested and actually had tested it himself in Haynes' shooting gallery.

Five Other Chairmen Declare
Freedom of Action

Toronto, June 25.—Rev. Dr. D. I. Drummond, chairman of the General Board of the Presbyterian Church, and Rev. W. H. Sedgewick, convenor of Home Missions and Social Service; Dr. T. D. McKerrill, chairman of the special Pension Fund Committee; C. S. McDonald, chairman of the Deacons Board, and Thomas & C. Millan, joint convenors of the Aged and Infirm Ministers' Fund, have issued the following joint statement:

"To avoid misunderstanding, and in fairness to ourselves, we desire it to be understood that our acceptance of the chairmanship of the committees in which we serve is without any prejudice to any attitude or action we may feel constrained to take in reference to the difficulties of the General Assembly in seeking to consummate union with the Congregational and Methodist churches as per the proposed draft bills."

Joseph Henderson, chairman of the Widows and Orphans' Fund, has already resigned.

James Rogers, chairman of the Church and Manse Fund, has also resigned. The Assembly is asked to reconsider his action. In his absence in the West on a business trip it is not known what his decision is.

OBSERVERS EXPECT A CLOSE RESULT OF ONTARIO POLLING

289 Candidates For 109 Seats; Two Members Were
Returned By Acclamation; People Throughout
Canada Watch Contest With Interest.

Toronto, June 25.—With clear hot weather in most parts of the province, the electors of Ontario started out early this morning to select their next and Sixteenth Legislature. First reports indicated a fairly heavy vote in the rural and most of the urban constituencies.

It is generally expected that the result of to-day's voting will be close, as the outcome of what is practically a three-cornered contest throughout the province. In most of the ridings there are candidates for the United Farmer-Labor Government party and the Liberal and Conservative oppositions, respectively.

The election in Ontario to-day is being watched with great interest in all parts of Canada and beyond as being the test of coalition group or "occupational government," as against the old straight line, Liberal or Conservative party system. Ontario's present Farmer Government was the first agrarian administration in Canada or in the United States.

At dissolution of the last Legislature the Farmer Government of the Hon. E. C. Drury held power with the aid of the Labor members by a majority of one over the combined Conservative and Liberal Opposition.

Two Statements.

Two eleventh-hour statements from United Farmer sources created considerable interest throughout the province to-day. J. J. Morrison, secretary of the United Farmers of Ontario, the man "who could have been Premier of Ontario after the last election but declined," is quoted as stating that in his opinion, if no group has a clear majority over all in the next Legislature, the result of to-day's election, the leader to secure a majority over the largest group should be Premier.

In a statement issued last night Premier Drury denied that he or any member of the Government had authorized the dispatch of a telegram to U. F. O. candidates by the official organizer, calling attention to the result of the liquor referendum in Manitoba and emphasizing the argument "that the Liberal Government is the only man to keep Ontario dry."

Many Candidates

In the election to-day there are 102 Conservative candidates, 77 Liberals, 16 United Farmers, 21 Laborites and 14 Independents. This is a total of 289.

There are 109 seats to be filled. In the other two ridings there were acclamations—W. F. Hamble, K.C., Conservative, in Kingston, and Peter Heenan, Labor, in Kenora.

Leading Figures

Premier Drury, Wellington Hay, the Liberal leader, and G. Howard Ferguson,

Are they Stevenson's?

GOVERNMENT OFFER REFUSED IN COURT

Proposals Not Favorable to Mortgage Hearing of Mortgage Suit Against Chobley Yards Postponed

Stating that he thought it possible a settlement might be reached in the meantime between the Crown and the defendant, Mr. Justice W. A. Macdonald to-day adjourned the hearing of the King versus the Chobley Shipyards, Ltd., until September 17. He would offer as a suggestion that the Dominion authorities send a representative armed with authority to the scene to confer with Crown counsel and see if some settlement could be reached. The defendant, could not be reached, continued His Lordship. The defendant was anxious to get his yards back, and it was probable some basis of settlement could be reached. The Crown, continued the court, would not be prejudiced by the delay for if the final decision involved the granting of foreclosure the time would be taken into account.

The action was one by the Federal authorities against the defendants for foreclosure on a chattel mortgage in the sum of about \$17,000 held on the goods in the defendant's yards on the Indian Reserve. The defendant set up on the other hand that various amounts were owed to him which could more than offset the mortgage. Mr. Justice Macdonald, in an initial judgment, decided some of the points at issue, but not that as to the mortgage foreclosure.

To the court to-day J. B. Clearhue, counsel for the plaintiff, said he had received authority from Ottawa to offer that the Federal Government take over the lease of the yards for the remainder of the term, and that all claims against the defendant would be wiped out after a disposal of the assets and further questions. He had received, too, a letter from the Workmen's Compensation Board, stating that it would release the defendant from a charge of \$1,026 if the Government would guarantee payment out of the assets when the property was title to remain with the government, the other outstanding question, counsel said he could make no arrangement.

H. A. Maclean, K. C., intervened to explain that Mr. Chobley had put \$112,000 into the yard and wanted the property back. The terms of any such settlement would deprive his client of any rights of redemption. "It appears to me there would be no incentive for the mortgagee to redeem his property if those terms were carried out," remarked the court.

Effect on Yard. "I understood the whole question was to be left to the court to decide," said Mr. Maclean. "Mr. Chobley wants his yard back if they are going to put him right out they won't get ten per cent. of their claim, I submit."

"It is only a lease of six months that is proposed," explained Mr. Clearhue, "and after that it could be redeemed subject to any settlement that might be reached in the meantime. At any rate, I am asking for now for foreclosure and a time allotted for redemption." Mr. Clearhue then pressed for a fixation of the amounts in regard to the figures raised by the defence as a set-off against the mortgage. This would be impossible at this stage held the court. Money had been paid to the defendant over that which was agreed under the agreement, held counsel.

The terms of the proposed settlement would have to be unequalled in releasing the defendant to be acceptable, remarked the court further. What was offered now would be leaving Mr. Chobley a shipyard without any yard or ground, if such were possible. Instead of the right of redemption the mortgagee would have a chance of redemption—for what was guaranteed on the one hand was taken away on the other. Postponement was, in his opinion, the only way, and in saying so he hoped that settlement would be effected meanwhile. The mortgagee was always entitled to the very last

WOMEN ASK REFORM OF CITY JUVENILE COURT

Complete re-organization of the Juvenile Court here will be urged by a delegation from the Local Council of Women, which will wait upon the City Council Friday. Mayor Reginald Hayward formally agreed to-day on Friday as a suitable date for the conference with the ladies' delegation and declared that their representations would receive full and sympathetic consideration.

The Mayor, who already has been informed of the desires of the Local Council of Women, said to-day that if their plan were carried through the Juvenile Court here would be put on an entirely new basis. "They seek the appointment of several new officials, the establishment of a home for delinquent children and other reforms," the Mayor stated.

The cost of the proposals advanced by the women's organization will be one of the chief considerations of the council, the Mayor intimated. Juvenile Court reform here was first urged by the Local Council of Women upon Attorney-General A. M. Manson, the Mayor explained. Mr. Manson asked the city authorities and the council of surrounding municipalities to take up the question, and the conference Friday will be the outcome of this arrangement.

SIGHTSEERS VISITORS ROBBED OF OPPORTUNITY

Failure of Canadian Pacific Railway boats traveling from Vancouver to Seattle to Regatta here is causing Victoria a considerable loss in tourist trade, Chamber of Commerce Directors were told to-day by the Cameron and Caldwell sightseeing company. The Directors will do all in their power to see that the boats remain here a full hour in future. Often the boats, arriving here late, remain in the full hour, but passengers are not told that they have this time in the city and consequently they refuse to take sightseeing tours.

These conditions are of concern to the city as a whole, the Directors agreed.

The Directors also will take up with the C. P. R. management the complaint of the One Hundred Per Cent Club that passengers are forced to pay a \$1.25 charge for the privilege of remaining here more than an hour. The Hundred Per Cent Club feels that this is a "distinct discrimination" against Victoria.

OBITUARY RECORD

Miss Clara Annie Gerrard passed away this morning at her residence, 1717 Fernwood Road, at the age of 78 years. She was born in Suttig, India, and came to this city sixteen years ago. She is survived by her niece, Miss M. Hennessey, of city, and one nephew, J. Gerrard, of India. The funeral services will be held at the B. C. Funeral Chapel on Wednesday at 2.30 after which the remains will be shipped to Vancouver for cremation.

The death occurred yesterday afternoon of Walter Middleton, aged 32 years. The late Mr. Middleton was born in London, England, and had been a resident of this city for the last thirteen years. He is survived by one daughter, Mrs. V. W. Ahlers, and two sons, Mr. and Mrs. J. W. Middleton. The remains are being kept at the B. C. Funeral Chapel, where funeral services will be conducted on Wednesday at 3 o'clock. Interment will be made in Ross Bay Cemetery.

There passed away after a very short illness on Saturday evening at the Royal Jubilee Hospital, Gee Sing, aged sixty years. He was a native of China and had been a resident of this city for the past twenty-five years at 216 Blanshard Street. For many years the deceased had been employed by the Simon Leiser Co. He leaves to mourn his loss his widow, two sons and two daughters of this city and two daughters in China. The cortege proceeded from the Thomson Funeral Home, 1625 Quadra Street, at 2.45 o'clock this afternoon to the Chinese Presbyterian Church, North Park Street, where service was held at three o'clock, when the Rev. Leung Moi Fong officiated. The remains were laid to rest in Ross Bay Cemetery.

INVESTOR WAS GUARANTEED

Placed \$30,000 in Boom Years Under Guarantee From Loss

Before Mr. Justice W. A. Macdonald in Supreme Court Chambers to-day R. H. Pooley, M.P.E., applied for a declaration that Arthur F. Rae was guaranteed the sum of \$30,000 invested in the boom years of 1912 and 1913 with the Merchants Finance and Trading Company. The total claims against the company were in the neighborhood of \$58,000, but only \$30,000 was under guarantee. In settling the history of the case Mr. Pooley said Mr. Rae had invested the money on a guarantee against loss—the guarantee to hold good as long as the company was in control of the investing of the money.

A. D. Macfarlane appeared for the company and H. A. Maclean, K.C., for the creditors. The motion was granted by consent of all parties, the guarantee holding good for the sum of \$30,000, found the court. The investment made with the money included down town property, The Douglas Street, near Humboldt, and also on Douglas Street, north of Gorge Road.

YARROW ALLEGES FREIGHT RATES DISCRIMINATE

Important Issue Brought to Attention of Chamber

New rates on freight shipped from Europe to Western Canada involve a "distinct discrimination against Victoria," according to Norman A. Yarrow, of Yarrow Ltd., who wrote to the Chamber of Commerce directors to-day on the subject.

"We have recently received notification," Mr. Yarrow wrote, "that the shipping companies that bring freight from continental ports of Europe have placed a differential of ten shillings per ton on freight consigned to Victoria. This appears to be a distinct discrimination against this port, and as you will appreciate, seriously penalizes us when competing with Vancouver, which is charged for ten shillings per ton cheaper."

It does not appear to apply on freight from British ports, but in the question of steel plate, it frequently happens that Belgian steel is cheaper than British.

"It might easily occur that some of the engineering works in Victoria and firms in Vancouver are competing for a certain piece of work, and one from the same point of origin, say Antwerp, the result of which would be that Victoria would be immediately handicapped by the extent of ten shillings per ton, which might easily result in the work being lost to this port."

"I can quite understand that it must cost more per ton for a steamer to come into a port and discharge a small amount of freight than would be the case if a large quantity of freight were to be handled."

"It is not, however, with—but it does not appear to me to be very consistent that a steamer arriving at this port with two consignments of five degrees of iron, one from Britain and one from Belgium, that the latter (which is at times cheaper at the origin) costs more to discharge at Victoria than the former."

"I believe that this differential was arranged at some recent conference of the various shipping companies trading between the continent and Victoria."

The rate question was referred to the Chamber's transportation committee.

B. C. MINING MEN WANT TAX CUT FOR MINE DEPLETION

When mine owners operate their mines they reduce the capital value of the property which they take out which goes to make up their annual income.

How much should the Government allow the annual income of mines for this depletion of capital when taxing income?

This is the problem that was before Premier Oliver and Hon. John Hart, Minister of Finance, all morning when they thrashed it out with J. J. Warren, H. Mortimer Lamb, V. Quinn and other mine-owning representatives.

The whole discussion was carried on around the report for the Government of Prof. Brennan on taxation relief for mine depletion. This report was recently completed after an investigation conducted throughout the Province by Prof. Brennan, noted mining engineer, during which the rate of ore exhaustion was studied.

SALE OF HOME COOKING.

Special to The Times.—The Women's Guild of Victoria held a very successful sale of home cooking on Saturday afternoon in the garden of Mrs. J. J. White's home. The sale was to raise money to pay off the last instalment on the rectory. Tea was served at little tables in the pretty garden. A large number of people came from Park, Bay, Deep Bay as well as Sidney. There were also a number of Camp Fire Girls who were camping in the park.

Rev. T. S. Hughes, rector of North Saanich, proposed a very hearty vote of thanks to Mr. and Mrs. J. J. White for so kindly lending their house and grounds. About fifty delegates were present.

Members of the local branch of the Hundred Per Cent Club have left for Seattle, there to meet the delegates from Spokane, Portland, San Francisco and other points, who are assembling to the training camp in this city, and who will arrive here to-morrow. There is a large banquet planned for the club members to-night before they leave for Victoria at the Hotel Gowman, Seattle.

STEEL ARRIVES; WORK ON BRIDGE PROCEEDS AGAIN

Material Needed for Harbor Viaduct Here After Delay

Steel needed in the construction of the new Johnson Street Bridge and without which work on the project was being delayed, reached the city Sunday. As a result, the Canadian Bridge Company, which is installing the superstructure of the bridge, was able to proceed with its work to-day.

The steel which arrived here yesterday was delayed in transit from Walkerville, Ontario, where it was fabricated at the Bridge Company's big plant. Officials of the City Engineer's Department understand that, owing to slides in the Rockies, the steel was routed southward and thus delayed.

Paving of Johnson Street from the bridge westward will commence late this week or early in the next. Contractors who will lay this paving have received their final instructions from City Engineer F. M. Preston.

CALLS MEETING TO HEAR CITY FINANCE PLAN

Mayor Reginald Hayward and the special committee of aldermen which has been drafting plans for the re-modeling of the city's financial department, will lay their reorganization scheme before the City Council at a special meeting Friday afternoon, the mayor announced to-day.

During the next few days the mayor and his colleagues will complete their work. The mayor himself spent part of the week-end whipping details of the scheme into shape, in accordance with the wishes of his committee. The committee will meet to-day to go into the matter further.

"Personally, I don't think the Council will wish to make many changes in the scheme as at present drafted, but the whole thing is open for discussion," the mayor explained to-day.

The plan to be laid before the council Friday outlines in detail the work of the new city-comptroller and city treasurer.

MEMORIAL AVENUE DISGRACE TO CITY, BECKWITH DECLARES

Failure of Victoria and Saanich to maintain Memorial Avenue, created to commemorate the part played by 4th soldiers in the Great War, is a disgrace, J. L. Beckwith declared at the luncheon meeting of the Chamber of Commerce directors to-day.

"The tree planted on Shelbourne Street," Mr. Beckwith declared, "are in a deplorable state. Some of them are dead, and others, without proper care, are leaning over at an angle of forty-five degrees or worse. In addition, telephone poles have been strung along the street until they almost blanket it. And this avenue is the only way we are commemorating the deeds of Victoria soldiers."

The directors will have a report on the Memorial Avenue before them at their next meeting.

LEUT. R. H. OLAND SPEAKS ON NAVAL ISSUES TO GYROS

Tells of R. C. V. N. R. Now Being Formed; Effect Here

The object, aims and advantage of a navy was the subject of an address given by Lieut. R. H. Oland, commander of the R. C. V. N. R. in Victoria at the Gyro Club luncheon held to-day at Hudson's Bay Co. private dining room.

Particular reference was made to the formation of a Royal Canadian Volunteer Naval Reserve in Canada. Two attempts had been made successfully to form an organization of this kind and this was the third. Lieut. Oland stated, it was at the request of the people of Canada that a third venture was made, and present indications showed that the third try would be a success.

The R. C. V. N. R. will comprise 1,000 men who will be recruited from the various cities throughout Canada. Most of the important cities have been allotted to organize half companies, while three of the largest centres have been designated to recruit a whole company, which comprises some 150 officers and men. None of these recruits will be necessarily seamen. Many of them, in fact, will be men and youths carrying on civilian professions or occupations.

They will be given an excellent training beside development in various kinds of sports. Lieut. Oland alluded to the training camp season, which would bring some 400 men to Victoria. This alone he thought would be of advantage to merchants of this city, while the 150 men aboard the H. M. C. S. Partridge, which is stationed at Esquimalt Harbor, has added many families to the population, thus benefiting the merchants at this vicinity. Some two weeks ago Lieut. Oland was in the city, and he said that he would be back here each year.

Mrs. Jesse Longfield, gold medalist, rendered two vocal selections accompanied on the piano by Gyro Wade. The regular monthly meeting of the Gyro Club was called to take place on Thursday night at the Chamber of Commerce auditorium at 6.15 o'clock. A directors' meeting will be held at Terry's this evening at 6.15 p. m.

SEEK SOLUTION OF INTERURBAN LINE'S CONTINUOUS LOSSES

Round-Table Conference Called By Chamber of Commerce

Efforts to evolve a scheme which will enable the British Columbia Electric Railway Company to keep its Interurban line in operation will be made at a round-table conference to be called immediately by the Victoria Chamber of Commerce. Arrangements for this conference were made by the Chamber of Commerce Directors at their luncheon to-day.

Chamber of Commerce members, the City Council, the Saanich Council and members of the Sidney Board of Trade will attend the conference. Frank warning that the Interurban line cannot go on operating with its present losses was voiced at the Directors' luncheon by A. T. Goward, local manager of the B. C. Electric Railway Company.

"I simply feel that the condition of the line should be made public," Mr. Goward explained. "If the line were closed down we don't want people to ask us why we didn't tell them that the line was losing money and that it might stop operating."

"There isn't the slightest doubt that it would pay us to close the line to-morrow," Mr. Goward declared. "I really think it would be a great pity if this line were closed down."

When it was suggested that the company might run a branch from its Interurban line to Sidney to connect with American automobile ferries, Mr. Goward replied that, when a line was losing heavily its operators naturally did not feel like spending more money on it.

MUCH DISCUSSION OF SHIP LIQUOR

(Continued from page 1.)

"I hope we won't get excited over the seizure of liquor in New York harbor," said Mr. Lloyd George. "It is not merely that the United States seems to be well within her rights, but I think we ought to extend a certain measure of sympathy to her in her difficult position."

making a very bold experiment to deal with probably the greatest curse of modern civilization.

"It is all very well for us to say that all this liquor is merely for our own sailors aboard ships. I do not say the whisky required to any particular ship. It may not be so, but speaking generally, there is no doubt that liquor has been used by smuggling liquor into the United States in defiance of a law which was passed by a greater majority than almost any other great law in any other country."

"Give it a fair trial I do not say the experiment will succeed. It is just possible the United States may have to modify it. It is in the interest of civilization that they be allowed full time to test this effort to solve a problem which is just as much ours as theirs."

Much Discussion

London and the United States in recent days has occupied more of the attention of the British newspapers or offered a better topic for animated discussion than the ship liquor seizure in New York. The London newspapers seldom before have printed so many dispatches under United States date lines, and the greater majority of these reports to the liquor confiscation. The items are variously captioned: "Dry Comedy in the United States," "Meddling With Our Ships," "Prohibition Farce," "The Wet Limer Absurdity," "Making the Atlantic Dry," and "America's Dilemma."

Editorials are couched in a sarcastic vein. Some of them manifest resentment and others are severely critical. All of the writers are eager to know what will be gained by a "test case," and whether the seizure will continue. Some of the writers take the British Government sharply to task for what is characterized as its passive attitude and its apparent intention to make the steamship companies fight out the issue with the United States Government.

Some of the newspapers take a stronger view of the situation and say the issue may lead to grave international complications unless the United States relaxes "its ridiculous law."

FIRE BURNS STOCK OF LOCAL TAILORS

Fire broke out at 1 o'clock this afternoon at the Modern Cleaners, 1328 Government Street, the greater part of the stock being destroyed by fire and water.

The fire is thought to have been started by some one throwing a lighted match into some rubbish.

Fire Stations 1, 2 and 5 responded and the blaze was soon under control.

renewed pressure to bear on the British Government, and it is considered likely the Foreign Office will make further representations to Washington on the liquor situation.

An American Opinion.

New York, June 25.—(Canadian Press)—The Herald, in a special dispatch from Washington, undertakes to explain what was behind the Canadian Government's refusal to stop exportation of liquor from Dominion soil to the United States.

British imperial policy, rather than the single will of the Canadian Government, was behind the answer, the dispatch says. "Canada's answer was sent to Washington after prolonged discussion between Canadian officials and Downing Street."

Furthermore, it is stated that Washington has generally interpreted the Canadian answer as forcing shadowing what Great Britain will say to "two definite proposals made by the United States asking British officials to aid in the suppression of smuggling. These proposals refer to the request for information of liquor consignments leaving British shores and to the reciprocal treaty suggestion made by Secretary Hughes."

(It was recently reported from Washington that Secretary Hughes had suggested to the liquor Government that if the latter would allow United States customs officials to search British ships for liquor beyond the three-mile limit, the United States would allow British liners to carry liquor into United States ports under seal.)

Four Ships With Liquor.

New York, June 25.—The manifest of the White Star liner Cedric, which arrived here yesterday from Liverpool, showed the following stock of liquors: 7,821 bottles of ale and stout, 1,156 gallons of wine, 40 gallons of wine, 40 gallons of spirits and seven gallons of liquors and cordials.

The British liner Coronie, the French liner Providence and the Italian liner Conte Verde, which also arrived yesterday, all carried similar supplies of liquor.

All the Cedric's liquor was listed as surplus medical stores. The Conte Verde had under the care of the ship's surgeon.

La France Carries Liquor

Plymouth, Eng., June 25.—Like her sister ship Cedric, the British liner, the French steamship La France left yesterday for New York with a reduced liquor supply. Her captain intends to test the new United States law. His ship carries a considerable quantity of liquor under seal, intended for the eastbound voyage.

Given a Farewell.
Wiscasset, Maine, June 25.—The 115-ton auxiliary schooner Bowdoin, bearing Captain Donald B. MacMillan and his party on their way to resume scientific work and explorations in the Arctic, sailed from this port Saturday. The booming of cannon and deafening salutes of sirens and whistles cheered the explorer and his six associates as the staunch little schooner slipped down the Sheepscot River on the first leg of her perilous voyage of more than 2,100 miles to Northern Greenland.

Capt. MacMillan anchored at the night in Boothbay Harbor to make preliminary compass adjustments. The present is the explorer's tenth trip to the polar regions in fifteen years. The Bowdoin is expected to carry the expedition to Cape Sabine for scientific work and exploration in Ellesmereland and to bring it back safely a year from next September unless ice conditions make necessary a two-year stay in the north.

FORMER VICTORIA PRELATE HONORED

Archbishop Christie's Anniversary to Be Celebrated in Portland, Oregon

Portland, Ore., June 25.—Prominent Catholic clergy and laity from points throughout the Northwest will gather here Thursday next, to take part in the elaborate ceremonies coincident with the celebration of the twenty-fifth anniversary of the episcopal consecration of Most Rev. Archbishop Alexander Christie, D.D., Archbishop of Oregon City.

Solemn pontifical mass will be celebrated in the morning at St. Mary's pro-Cathedral. Archbishop Christie will be celebrant, assisted by many of the clergy of the archdiocese, which embraces the states of Oregon, Washington, Idaho and Montana. Bishop Carroll, of Helena, Mont., will preach the sermon. An augmented choir in charge of Frederick W. Goodrich, organist, will sing Gounod's solemn mass in honor of St. Cecilia.

Archbishop Edward Hanna, D.D., of San Francisco, president of the National Catholic Welfare Association, will be the principal speaker at a public meeting and reception at the Municipal Auditorium in the evening. Visiting clergymen will be guests at a banquet at noon.

Archbishop Christie is a native of Highgate, Vermont, and was ordained a priest December 22, 1877. He was consecrated bishop June 23, 1898, in St. Paul, Minn., succeeding the late Bishop Lemmens, of Victoria, B.C. His translation from Victoria to the archiepiscopal See of Oregon took place February 12, 1899. His labors in Oregon have been particularly

centered in building small churches and parochial schools in all communities.

Archbishop Christie was appointed an Assistant to the Pontifical Throne last week by the Pope. The title places him next in rank below a cardinal.

STATEMENT BY G. W. V. A. LEADERS

Draw Attention to Pension Board Declaration Regarding Disabled Veterans

Ottawa, June 25.—The Dominion officials of the Great War Veterans' Association have sent a communication to the local units against the statement of Colonel John Thompson, chairman of the Pensions Board, that the legislation now before Parliament does not alter the pension law in regard to disabled men, but only in regard to dependents. The communication is as follows:

"The investigation of the Royal Commission was caused by the fact that pensions were refused certain classes of applicants among disabled ex-service men and dependents. The inquiry resulted in the recommendation that the benefits so withheld should be restored. The Pensions Board recently refused to restore these benefits until authorized by Parliament. Legislation with this intent was accordingly introduced by the government and approved by the House of Commons. The Pensions Board now informs the Senate that this legislation will not alter the attitude of the Board in regard to disabled men.

"Either we are offered trick legislation or trick administration."

C. VANDERBILT, JR. STARTS NEW PAPER

To Enter Los Angeles Field With Tabloid Pictorial Publication

Los Angeles, June 25.—Cornelius Vanderbilt Jr. to-day announced the forthcoming publication of The Los Angeles Illustrated Daily News. It will be a picture and newspaper published in tabloid form.

The Illustrated Daily News will use the United News Service. The entrance of Cornelius Vanderbilt Jr. into the Los Angeles metropolitan field makes him the youngest newspaper publisher in America, and eliminates his rapid rise in the journalistic world of America.

Vanderbilt is twenty-five years old. As a special feature on the paper, Vanderbilt said he wished to regard the Illustrated Daily News as a public trust, and has plans to take the public into the directorate of the paper.

Vanderbilt announced that the initial list of his subscribers would be given participation in 51 per cent of the profits, although they will not own stock. The subscribers will also vote for two directors of the paper. Vanderbilt himself will name two, and the fifth will be chosen by the four already named.

The Daily Illustrated News will be a morning paper, appearing every day of the week except Sunday. It will commence publication around August 1, all the plans having been completed for its appearance.

Though second thoughts are best, there is much to be said for forethought.

TRADE PREFERENCE TO BE DISCUSSED

Will Be Discussed in London, Says Premier Smuts

South Africa to Send Commissioner to Canada

Cape Town, June 25.—(Canadian Press Cable via Reuters).—In the Union House of Assembly Saturday, Premier Smuts initiated a discussion regarding the programme of the Imperial Economic Conference to be held in London in October. He declared that the programme had been largely to the advantage of British producers rather than the producers of the dominions, and he felt sure the question of the imperial preference would be raised.

The position which South Africa would adopt, he said, would be to welcome any assistance which the British people could give in the way of a preference to South Africa's products. They would welcome any widening of the field of tariff preference which could be given to her producers.

Premier Smuts pointed out that owing to the British fiscal policy the field of preference was most limited, and that was where the issue would arise. Australia and New Zealand were going to press very strongly for a very much stronger measure of preference for their products by Great Britain.

Dried Fruits
The Premier foreshadowed exports of dried fruits from South Africa, which would have to meet competition from the Continent in the British market. South Africa, said the Premier, was not going to press the British Government to change its fiscal policy. With reference to the fiscal policy in general, South Africa would adopt the same line as Canada had done.

The Premier emphasized that the development of South Africa would require the widest expansion of her markets all over the world, and whatever arrangements they might make at the conference would not be of an exclusive character.

Dealing with shipping and communications, Premier Smuts pointed out that faster communications were needed within the empire, but owing to the difficulty of dealing with the question of shipping, they must await proposals the British Government would make at the conference.

Commissioners
The Premier paid a tribute to the work of the trade commission and the Commissioners of Commerce. He foreshadowed the appointment of a Commissioner for Canada and the United States.

LIGHTNING STRUCK TORONTO HOUSES

Half a Dozen Fires Put Out; No Person Injured

Toronto, June 25.—Half a dozen houses were struck by lightning and set afire during a storm which visited this city Saturday night. In each case the flames were extinguished before making much headway. All the occupants of the damaged houses escaped injury.

The downfall of rain was the heaviest of the year in Toronto district.

A Warm Day.
Toronto, June 25.—New heat records for the year were reported from various parts of Ontario yesterday. The temperature had been getting warmer for several days.

London topped the list with a maximum of 98, Toronto coming second with 96. Farther East the temperature was not so high. Ottawa getting off with a high temperature of 82 and Kingston with 80.

There were electrical showers in various parts of Ontario Saturday considerable damage was done by lightning.

EIGHT DROWNED IN ONTARIO

Week-End Fatalities; Motorcyclist Killed By Electric Car

Ottawa, June 25.—Eight drowning fatalities were reported from various parts of Eastern Canada over the week-end.

Playing in an old boat, two young children named Clark were drowned at Peterboro.

Jack Macdonald, a Montreal laborer, was drowned while bathing in the Rideau River at Ottawa.

At Port Carling, S. A. Lunan, 22, of Toronto, slipped off rocks into the water and did not come up again.

Lawton McDonald, eighteen, of Harwich Township; Clarence Watson, eighteen, of Court Ridge; John Miskins, fifteen, of Niagara Falls, and Frank Zaher, eleven, of Stamford, Ont., were all victims of bathing accidents.

Motorcyclist Killed.
Oakville, Ont., June 25.—Riding his motorcycle near here yesterday, W. H. Porter, thirty-five, of Hamilton, was struck by a radial car and killed.

Electrician Killed.
Toronto, June 25.—While repairing a transformer wire, Emer Robbins, thirty-five, of Toronto, was electrocuted yesterday. He leaves a widow and four small children.

HIGHER PRICES FOR PINEAPPLES

Honolulu, June 24.—Increases in the prices which the large pineapple canners of the Hawaiian Islands will ask for their pack this year are expected to raise the territory's gross pineapple crop value from \$19,000,000, the amount in 1922, to approximately \$24,250,000.

The increases, announced already by the Hawaiian Pineapple Company, the largest packers of the commodity, and the Pearl City Fruit Company, one of the smaller concerns, average about twenty-five per cent. They are made necessary, according to the firms' announcements, because of the increase in the prices of sugar, cans, boxes and the

CATERPILLARS DELAYED TRAIN

Insects Had to Be Swept From Rails in New Brunswick

Moncton, N.B., June 25.—Saturday's Canadian National Ocean Limited train from Montreal was delayed four hours between Bathurst and New-castle by swarms of caterpillars such as have been giving a lot of trouble on certain sections of New Brunswick's railways of late.

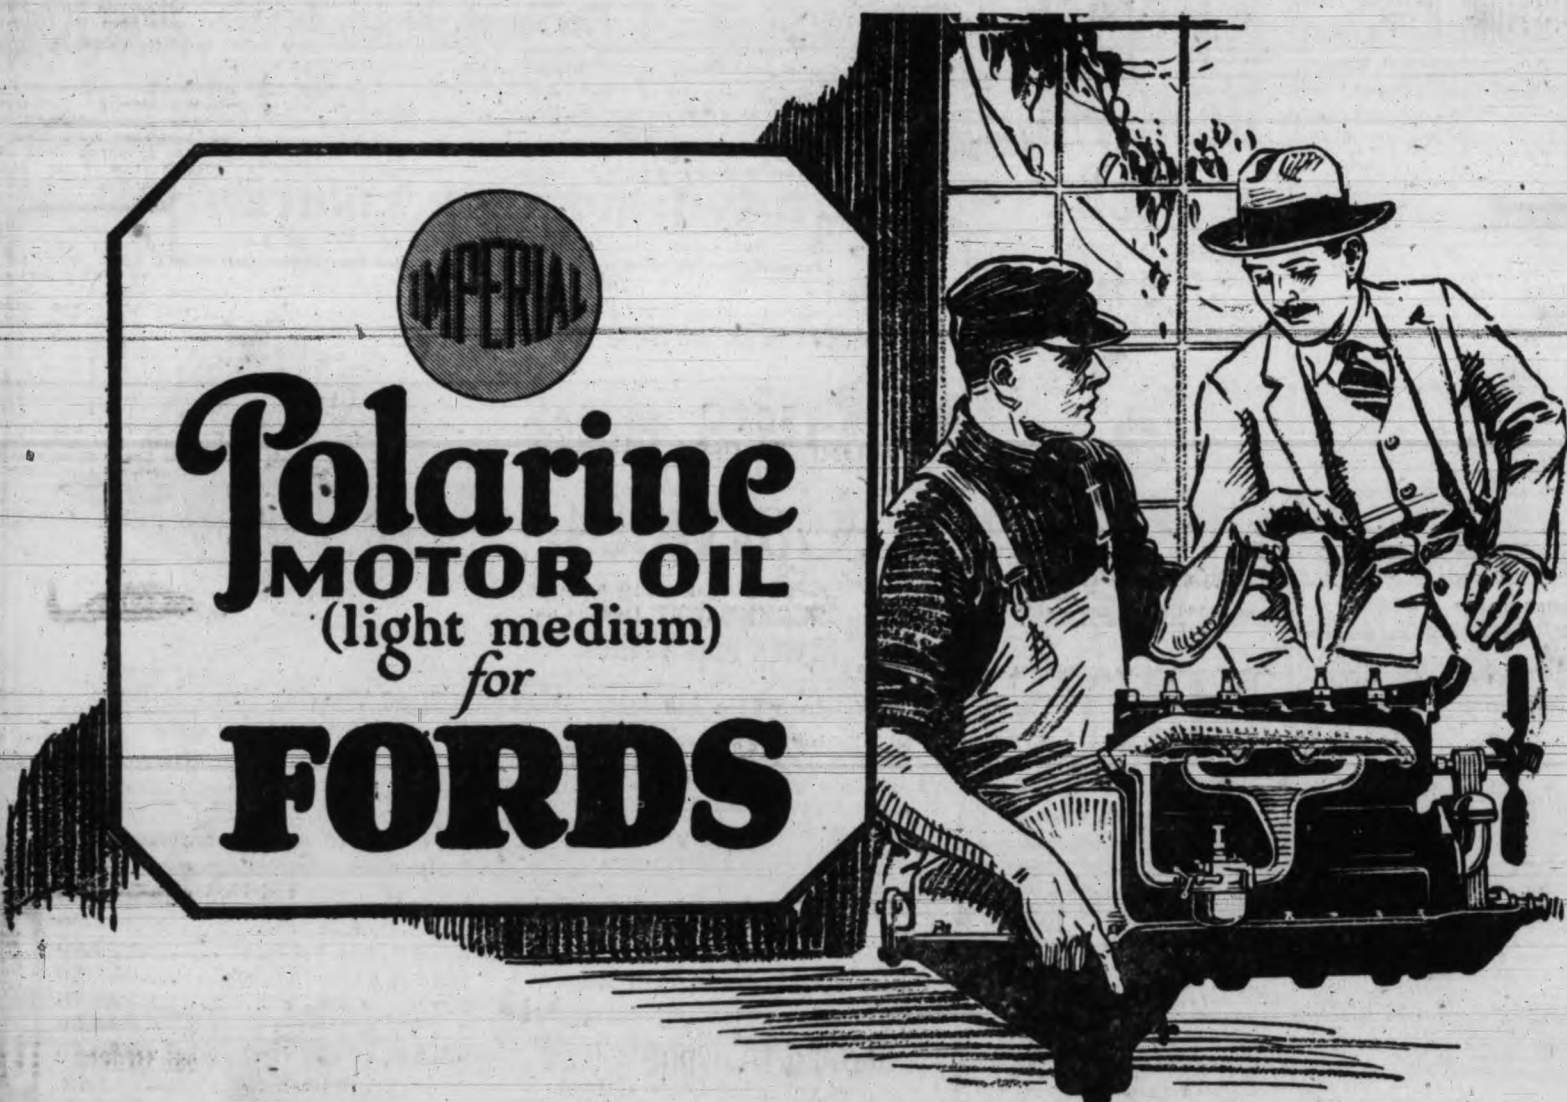

Near Bathurst River, section men, train hands and soldiers on the Ocean Limited were used in sweeping the insects from the rails before the engine could pull the train up a grade.

The Ford expert will tell you

"use a high quality light medium oil"

Let's look under your Ford hood for a minute—What do we find?

1. A small high speed engine, requiring a light free-flowing oil which can be readily distributed to all engine parts.
2. Closely fitted pistons with little clearance space, calling for a light medium oil with perfect sealing qualities.
3. Relatively tight bearings without oil leads, a condition demanding a light bodied lubricant which will work its way through to the bearing surfaces.
4. A high compression motor in which carbon accumulation in any quantity becomes serious, hence a light oil of

low carbon forming tendency is needed.

5. A splash system of lubrication, entailing the use of a light medium oil which will lend itself to fine atomization when splashed by the moving connecting rods.

The above factors are among the important considerations upon which our engineers base their recommendation of Imperial Polarine Light Medium Oil for Ford lubrication. The experience of thousands of Ford owners proves the soundness of this recommendation.

To-day—have your Ford crankcase drained, cleaned and refilled with Imperial Polarine Light Medium Oil—and you will realize new Ford economy and efficiency.

Lubrication recommendations for other than Ford cars are contained in our complete Chart on display at your dealer's; also in our booklet "Automotive Lubrication," an interesting, non-technical manual. If you have not received your copy write to 56 Church Street, Toronto.

THE ONTARIO ELECTIONS.

The sixteenth Legislature of the Province of Ontario is being elected to-day with 289 candidates seeking to enter the Assembly in 109 constituencies. There are 111 seats in the House. Two candidates—W. F. Nickle, K. C., Conservative, of Kingston, and Peter Heenan, Labor, Kenora—have been elected by acclamation.

Fine, warm weather throughout the province is forecasted and with the keen interest being taken by the electorate, it is probable that a heavy, if not a record, vote will be polled.

The interest taken is indicated by the record number of candidates. Conservatives number 102; Liberals 77; United Farmers 75; Laborites 21, and Independents 14.

Straight fights are scheduled for 50 constituencies and there are a similar number of three-cornered contests. In seven ridings, four candidates are in the running, while in Port Arthur five are hopeful of success. To West Ottawa goes the honor of the greatest number, however, six persons seeking election in that constituency.

While there has been no great issue at stake in the long campaign, chief interest has been taken in charges of extravagance leveled at the United Farmers-Labor Government, headed by Hon. E. C. Drury, by both parties in opposition, the Conservatives and Liberals, while the former have strongly criticized the enforcement of the Ontario Temperance Act.

Vigorously defending the Government against the allegation of extravagance, Premier Drury has claimed that the increase in the provincial debt has been brought about by nothing but necessary expenditures. Denial of charges made in connection with the enforcement of the O. T. A. has been made principally by Hon. W. E. Raney, Attorney-General.

BUT RULES ARE NOT OBEYED.

People throughout the world would rejoice over the terms of the five-power convention that has just been drafted to govern aerial warfare if they did not remember how practically every recognized international regulation was conveniently side-tracked after Germany showed her real intentions in 1914.

To decide that aerial bombardment would be legitimate, "only when directed exclusively at military forces, military works, military establishments or depots, factories constituting important and well-known centres engaged in the manufacture of arms, ammunition or distinctively military supplies, lines of communication of transportation used for military purposes" is an excellent thing because it represents fair play in human conflict. But the average individual will want to know what guarantee can be given that the convention will be respected by the power or group of powers with whom the responsibility for "the next war" will rest.

Germany won a temporary success in the early days of the recent conflict because her armies and her navy and their respective equipment had been prepared without regard for the first principles of international warfare. Under other conditions, conditions which in the ordinary way of things would have developed a gradual breach between her and the Allies, general preparation would have been of an even character. But she wanted the war because she had all her surprises ready; and she sprang them to limits which dictated a similar course on the part of her adversaries. So much for international rules.

It can be said again that as long as fighting equipment of large proportions is permitted to accumulate, as long as great scientific minds are devoted to new agencies of destruction, humanity's greatest need will more often than not have to take second place. For there will be no "next war" unless its instigator can override every regulation that would hinder early if not ultimate victory.

THE WET DRY BELT.

Something quite extraordinary has taken place in the dry belt of British Columbia. The rainfall for May and the present month practically approximates that for the average year. People with kitchen gardens and farmers with fairly large crops in such communities as Kamloops are actually beginning to pray for sunshine and warm weather.

It is almost safe to say that never has such a condition arisen in the arid parts of this Province that equals the present wet and cool spell at this time of the year. Hitherto the cry has been that if only a fairly reasonable amount of rain would fall in the late Spring and early Summer those usually brown slopes of the dry belt could be made to produce almost anything without costly irrigation.

For the sake of the population of the arid areas, it is hoped that the Government will not continue to respond to the prayers of bygone years in a too abundant fashion. It has to be remembered that irrigation works are constructed in contemplation of meteorological moods that are comparatively consistent. But this year seems to have caused every old timer to consult his diary and shake his head in perplexity.

A LIBERAL GAIN.

Although the Government's majority in the House of Commons is large enough for the Prime Minister's purpose for some time to come, Mr. Baldwin will have to regard the Tiverton by-election result as his first reverse since his succession to Mr. Bonar Law.

There is nothing particularly surprising in the Liberal gain. At the general election the Unionist candidate defeated his Liberal opponent by the narrow margin of seventy-four votes. Labor's entrant caused neither representative of the old parties the least worry. Out of a poll of more than twenty thousand at the general election the workingman's candidate rolled up less than fifteen hundred votes and on this occasion the same aspirant failed to reach the five hundred mark.

Tiverton may thus be regarded as a fairly evenly balanced seat as far as it concerns the two old political parties. The Liberal gain is represented by a majority of three hundred and seventy-six—most of the votes having been taken from the Laborite.

SPLENDID CROP OUTLOOK.

From almost every section of the Prairies the report comes that during the critical early period of growth moisture has been ample for the grain. Weather conditions are generally favorable, prospects are good throughout Manitoba and Saskatchewan, while in Alberta they are more favorable than they have been for many years. In Quebec and the Maritime Provinces crops are backward but are now growing rapidly. In other territory good growing weather has made up for the backward Spring and Fall wheat is already heading out, a good average crop being assured. In British Columbia crops, orchards and pasturage are all in good condition.

The foregoing summary of crop conditions in the country at the present time represents the result of a careful survey by expert officials. A more detailed investigation through the territory served by the Canadian National Railways also indicates that the outlook in a general sense is considerably better than it has been for many years. Only one or two unimportant exceptions qualify this extremely satisfactory report.

In view of the fact that last year's crop was the largest since 1915 the prospects for 1923 seem to be heading for the 400,000,000 bushel mark. In this case we in British Columbia can expect a new impetus to the all-round business revival that has already set in. For it goes without saying that a bumper crop on the Prairies reacts with considerable profit on this Province.

NOTE AND COMMENT

Victoria's Maytime Frolic should be a symbol of success to greater desire for local achievement.

Mr. Pat Burns says the "red chamber" has no charms for him. We cannot imagine anybody who has made a success of the cattle business wanting to enter the political morgue.

This is a funny old world. Liquor and new kinds of warfare seem to be subjects that are holding the attention of many millions. When will peace and business be as popular as these two themes?

Vancouver and Montreal are still wrangling over the subject of which is the larger port. Let the controversy continue. The more business our friends across the way are able to attract to the Pacific Coast the better it will be for Victoria. Meanwhile we are not asleep at the switch.

His Worship the Mayor has heard some strange things from tourists about the "difficulty" of getting to Vancouver Island. What stupid individual is trying to beat facts that are well known and will be better known as the various tourist agencies up and down the Pacific Coast co-ordinate their plans?

Premier Baldwin has taken the course which was expected. He does not propose to treat the question of the United States seizure of liquor on British ships as a matter for international controversy. There are enough silly issues between nations that are provocative of bad feeling without adding liquor to them.

While a five-power pact, designed to give the world a set of regulations for aerial warfare, is being submitted we are reminded that France is legislating for the greatest aerial force the world has ever known. The continental member of the Entente may exclaim to her friends and enemies that her intentions are peaceful; that her preparations are merely for the defence of her own borders against invasion; but she must know that preparation for war never was and never will be a guarantee of peace.

OUR CONTEMPORARIES

THE MARCH OF CIVILIZATION.
Hamilton Spectator—The proposal to place a mammoth palatial steamer on the Toronto-Niagara service indicates the vast progress made since, a short century or so ago, heavy warships traversed the same locality, on destruction being during the war of 1812.

WHY THE DELAYS?
Vancouver Press—By prohibiting the export of pulpwood, it is calculated the Canadian Government can add \$50,000,000 per annum to the value of paper exports. Why then does the Government delay in bringing about reciprocal trade?

PLAYING SECOND FIDDLE.
St. Catharines Standard—British emigration is favoring Australia, and Canada is in danger of being replaced as the premier British Dominion. This is not as it should be. We are not alive to our possibilities nor to the problem of solving our railway difficulties if we let good immigrants go elsewhere.

OVER 150 ATTEND
RITCHEY'S PICNIC

Employees and Friends Enjoyed Day's Outing at Albert Head

The staff of Ritchey's Consolidated Limited, with friends and members of their families, enjoyed their first annual picnic at Albert Head, Saturday. Over 150 attended the affair. They were transported to the picnic grounds, on the property of Captain Ash, who kindly gave permission for the use of his land, by motor and trolley, and the drive proved a most enjoyable one.

The day was filled with a long programme of sports, the events of which were heartily contended, with a spirit of sportsmanship that was highly commendable. Other members of the party, who did not find their inclinations urged them to take part in the athletic competitions, sought solace in the water, and there enjoyed themselves either swimming or boating.

Tighe & Wheeler's cafe catered to the party, and the refreshments could not have been better. Luncheon was served in a specially chosen spot, shaded by enormous trees, and luxuriant with the softest of green grass.

The party returned to Victoria at a late hour in the evening, fully satisfied with the day's enjoyment, and ready to further enjoy a good night's sleep, after strenuous day's outing.

CAPT. AUBREY KENT WEDDED SATURDAY

Many Guests at Pretty Wedding at Church of Our Lord

A very pretty wedding was solemnized on Saturday at 3.30 in the Church of Our Lord, the Rev. A. deB. Owen officiating, between Dora Harriett Kenning, daughter of Mr. and Mrs. F. Evans, and Captain Aubrey Marshall Kent, son of Mr. and Mrs. Herbert Kent.

The bride, who was given away by her uncle, Andrew Calderwood, was radiant in a draped gown of beige canton crepe with the sleeves and wide panel lined with tangerine wearing a large beige straw picture hat faced with georgette in self-tone and trimmed with tangerine nasturtiums. She carried a shower bouquet of Ophelia roses. Her only attendant was her sister, Miss Thora Evans, who was prettily gowned in Leavin green canton with touches of fawn. The groom's mother wore a match, trimmed with clusters of pale pink grapes, which color was carried out in her bouquet of pink sweet peas. Mr. Orville Leach acted as best man.

The bride's mother was becomingly dressed in a silk Italian knit frock of navy blue with touches of orange and hat en suite. The groom's mother wore a modish frock of peach crepe de Chine, wrap of black applique in taupe, and turban to match. The bridegroom's sister, Mrs. O. G. Leach, looked handsome in a dress of mauve with touches of silver and hat to match.

The church was beautifully decorated by friends of the bride, Mrs. H. Willes, Miss Ella Simpson and Mrs. Orville G. Leach.

Following the ceremony a reception was held at 228 Douglas Street, the home of Mr. and Mrs. Herbert Kent. The happy couple received their friends in the spacious flower-decked drawing room under a wedding veil of white roses. A buffet luncheon was served in the dining room. The table was beautifully decorated with pink tulle streamers falling from a large pink rose over-head of glass vase of pink sweet peas at each table corner. The house decorations were the work of Mrs. Kent and Miss Violet Fowkes, the latter presiding at the punch bowl, while Mrs. Orville Leach, Mr. T. A. Johnson, Miss Ella Simpson and Miss Gertrude Hickey assisted in serving refreshments.

The groom's gift to the bride was a bracelet and gold bracelet and to the best man gold cuff-links.

Mr. and Mrs. Kent left on the Seattle boat for a motor trip through Washington and Oregon, and on their return will reside at 1435 Richardson Street.

NURSE HOUSEKEEPER SYSTEM SUGGESTED

Recommended By Canadian Association of Nursing Education

Toronto, June 23.—The Canadian Association of Nursing Education in their annual convention recommended that a survey be taken, through the public health and private duty sections of the Provincial organizations, to discover the extent of the need in Canadian homes, disorganized through illness, of a subsidiary nurse-housekeeper. This, in Saskatchewan, is proving a boon. It embraces a year's training in simple nursing and housekeeping. It was suggested that the service should be fully organized, controlled and supervised, and that the Provincial nursing schools should exercise a judicial function over the subsidiary nursing. It was recommended in the report of the committee on nursing education appointed by the Rockefeller Foundation, presented by Miss E. I. Johns, of Vancouver, that the subsidiary group of nurses might be trained in the large general hospital, provided that the course be conducted in separate distinct wards from that for the regular student nurses.

you want it. But I should much rather have a handsome collar around my neck than a ribbon."

"Really, you are quite impossible," replied Ming. "It seems you are not at all in my class. You know nothing of the world I live in."

holding his head very high Ming turned and walked toward the house where his mistress was calling from the doorway.

That night something happened. Ming was not at all sure what all the fuss was about, but the next morning he was shocked to see his mistress hugging Bruno and saying he was the best doggie in the world; and he should have the very handsome collar she could find in the city.

When Ming went down the path by Bruno's house that morning Bruno was snoring in the doorway.

"What was all the commotion about last night?" he inquired as Bruno up and danced in front of him.

"Oh a thief came here and instead of stealing chickens as they usually do, this one sneaked up to the window of your mistress' room and was climbing in when I caught him by the seat of his trousers and pulled him back."

"Your mistress said he was after you and that I saved you. You see I haven't one of those pedigrees you talk about. I am just an old watchdog, but no one can get away with anything on this farm while I have my legs and teeth."

Ming began to wag his tail, then he looked at Bruno and the dog said: "You are a fine fellow even if you haven't a pedigree," said Ming, when they finished their play, "for my mistress would never hug a dog that was not worth something. I'll be back after dinner and we will play some more."

Mrs. Henry Suzallo, accompanied by Mrs. George Moore, arrived in the city yesterday from Seattle.

Dr. and Mrs. S. R. Brown and son, of Hilo, Hawaii, arrived in the city yesterday.

Mr. and Mrs. C. C. Spofford are leaving at the end of the week by motor for California, where they will visit Mr. and Mrs. J. C. Spofford, Berkeley, California. They expect to be absent about two months.

Miss Mabel Adams, daughter of Mr. and Mrs. William Adams, of 515 Springfield Avenue, Victoria West, is leaving with her mother on July 1 on the Dorothy Alexander for Los Angeles. Upon their arrival, Miss Adams will be married to Mr. Bert Hine, late of Esquimalt, B.C.

Mrs. J. T. Redding is leaving for Vancouver on the night boat to meet her daughter, Mrs. R. L. Z. Wilson, who left Montreal on Wednesday last with her two children en route to Victoria to spend the Summer holidays with her parents, Mr. and Mrs. J. T. Redding.

Mr. and Mrs. James M. Forsyth have returned to the city after an absence of three-and-a-half years spent in the Old Country, and are staying with Mrs. Forsyth's mother, Mrs. Andrew Stewart, 87 South Turner Street.

STUDY QUESTION OF WIFE'S INTEREST

National Council Appoints Committee On Property Rights

Halifax, June 24.—The National Council of Women Saturday appointed a committee to report at the next annual meeting on the subject of community interest between husband and wife with regard to all real and personal property acquired by them as a result of their common labor and effort.

Dr. Stowe-Gullen said that the wife was often dressmaker, milliner, cook, scrub-lady and mother without a salary and yet the husband considered that he supported her.

Mrs. Adam Shortt, Ottawa, told of rank injustice that resulted under the present law, quoting the case of a woman whose husband left everything to the eldest son.

Dr. Carrie M. Derrick, McGill University, emphasized hearty agreement with the principle of absolute equality between men and women, husband and wife.

ST. GEORGE'S SOCIETY PLANS SUMMER FETE

On July 11, under the joint patronage of Mrs. W. C. Nichol, wife of the Lieut.-Governor, and Sir Richard and Lady Lake, the Royal Society of St. George will hold its annual garden fete at the precincts.

The ladies of the society are making elaborate preparations for the function, many and varied being the inducements offered whereby their handiwork will be disposed of. A variety of outdoor games will be arranged, among which will be tennis, dancing and a musical programme will also be features of the affair.

The Radio Boys and the West End Players have promised to send representatives. Refreshments will be available throughout the afternoon and evening. The fete will open at 3 p.m., continuing until 9.30 in the evening.

TO FURNISH RESTROOM FOR T. B. SUFFERERS

At a recent meeting of the Victoria Women's Institute a committee was formed to assist the tubercular patients at the Victoria Hospital to furnish a rest room in town. Very successful have been the efforts made for this purpose, but two lounges and an easy chair are still required to complete the furnishing of this much needed rest room.

At a meeting held by this T. B. committee in the V. W. I. rooms, Surrey Street, it was decided to hold a sale of home cooking, and with the kind permission of Mr. Spencer this sale has been arranged to take place on Saturday, July 7, in the store basement of David Spencer, Ltd.

MOONLIGHT CRUISE

Women's Institutes Plan Pleasant Trip on Princess Royal Wednesday

A moonlight cruise on the C.P.R. steamer Princess Royal is the delightful entertainment which the Women's Institutes have arranged for Wednesday evening, leaving the C.P.R. wharf at 8 o'clock and returning at 11 p.m.

With the advent of summer weather alfresco entertainments are proving increasingly popular, and to cater to the tastes of everyone on Wednesday, a programme of music and dancing is being arranged. The steamer will cruise among the Gulf Islands, and as the moon will be almost at the full the trip should be a most attractive one.

Tickets may be obtained at the Institute members, or at various stores in the city.

JUBILEE HOSPITAL AUXILIARY.

The annual meeting of the Provincial Jubilee Hospital Women's Auxiliary will be held in the Nurses' Home to-morrow afternoon at 3 o'clock. The meeting will be preceded by an executive meeting at 2.30.

CHIC FASHIONS AT LONGCHAMPS TO-DAY

Early Victorian Styles Predominate at French Fashion Parade

Paris, June 24.—Summer styles were easily the features of the day at the Long Champs course during the running of the Grand Prix de Paris to-day. It was really the first day of brilliant sunning of the season to grace a feature event at a French race course. Summer furs of silver and blue and foxes and white monkey adorned the necks of the dainty Parisiennes, who, with cobwebbed stockings, showed just a suspicion of the color of the skin beneath gowns of taffeta and ruchings, and wearing poke "coal scuttie" bonnets attracted more of the attention of the 200,000 persons than did the quadrupeds on the race track. A reversion to the 1830 Louis Philippe period—what Anglo-Saxons have been pleased to regard as early Victorian—easily came out second best in the display. In this category there were hoop skirts of filmy material, topped with immense waists of the same design and miniature umbrellas called "Tom Thumb shades."

Duck green, which had been the reigning color at the track during the entire Spring season to-day, had to give way before an avalanche of white and mauve.

Most conspicuous among the Summer styles was the difference in the "decotelette." Last year 90 per cent. of the Parisian women who watched the running of the Grand Prix de Paris displayed bare arms up to the shoulders. This year arms were covered but shoulders were exposed to such an extent that it caused one of the clerical-looking United States tourists to mutter "Some of these dresses would never pass the muster of the beach censor at Atlantic City or many of the Long Island resorts."

At the track, the "flappers" were in pink, Paisley or filmy dresses, bare heads and with bobbed hair. Short skirts were few. President and Mrs. Millerand were interested spectators of the fashions and the race.

See the extra thick coating

How generously rich and thick it is! How smooth! How fine!

Do you know that the chocolate coating is the most expensive thing about a chocolate and the most difficult to make? In order to achieve excellence Moirs make their own chocolate coatings, importing for this purpose the world's finest cocoa beans. The blending and roasting of the Cocoa beans is done by a secret process. Afterwards

the chocolate is whipped up for days by powerful machinery and the result is that satiny smooth texture that distinguishes all Moir's Chocolates.

Is it any wonder that Moir's are the standard by which expert candy makers judge other chocolates?

Moir's are made for those who love fine chocolates. If you have never tried them you have a new and satisfying pleasure in store.

and International
Mercantile Marine Company

The Pacific Steamship Company has been appointed Pacific Coast agents for the Panama Pacific Line of the International Mercantile Marine Company, which will establish a new combination freight and passenger service between Pacific and Atlantic coast ports via Havana early in October.

Announcement of the appointment of the Pacific Steamship Company, better known as The Admiral Line, as Pacific Coast agents for the Panama Pacific Line, was made today by William N. Allan, general agent for the Admiral Line at this port, following the receipt of telegraphic advices from E. G. McMicken, passenger traffic manager, Seattle.

The new Panama-Pacific service will be inaugurated in October with three large combination freight and passenger steamships. As previously announced by the Panama-Pacific Line, these vessels will be the Kronland, Finland and Manchuria, operating on a fortnightly schedule from Pacific coast ports. These ships will later be augmented, Mr. McMicken today informed Mr. Allan, by the addition of a fleet of cargo vessels as conditions warrant the departure.

San Francisco will be the Pacific terminus of the Kronland, Finland and Manchuria, but the freight vessels will touch at Seattle and other North Pacific ports.

Victoria Connections.
Entry into Victoria will be afforded the new line by an arrangement with the Pacific Steamship Company whereby passengers and cargo to and from North Pacific ports will be handled north of San Francisco by the ships of the Admiral Line, including the coast liner H. P. Alexander. The Finland and Kronland are sister ships of 12,241 gross tons, 576 feet long and have a capacity of 1,320 all told.

The Manchuria, a former trans-Pacific liner, is 600 feet long, of 16,339 gross tons, and has a passenger capacity of 1,320 all told. These vessels will be the largest passenger carriers in the inter-coastal trade via Panama and among the largest and fastest freight carriers.

Under the arrangement just announced all of the Pacific Steamship

TWO VESSELS DUE ON DOMINION DAY

Hawaii Maru and Craftsman Will Arrive On Holiday

Due here Dominion Day the Osaka Shosen Kaisha liner Hawaii Maru, Capt. T. Saruga, will bring 100 tons of cargo from the Orient together with 29 steerage passengers. Rither's reported her expected arrival as definite to-day stating that she had left Yokohama on Wednesday morning of June 20. Also due on the same day, and making a work-day for the local agents instead of a holiday, is the Harrison-Direct freighter Craftsman which is coming direct from the Old Country with a large consignment of cargo for Victoria and Vancouver.

The Hawaii Maru, which is due here next Monday is expected to make quarantine in the evening. Altogether she has 70 passengers aboard, 29 of whom are destined for Victoria. The remaining number, comprising 12 first-class and 29 steerage, are bound for Seattle.

CARDENA TO SAIL ON INITIAL TRIP TO NORTH ON FRIDAY

George McGregor, local representative for the Union Steamship Company of B. C. Ltd., announced today that the new coast steamship Cardena will sail on her maiden northern trip from Vancouver at 9 p. m. June 29 for Ocean Falls, Prince Rupert, Anyox, Stewart via Swanson Bay, Butehead and way points.

A large number of tourists have been booked for the initial coast trip by the Cardena.

ITALIAN EXCURSION.
New York, June 25.—Carrying a special excursion to Italy via express train from Cherbourg, the liner Mauretania, sailing from New York on July 10, will land her passengers in Italy on the seventh day out.

A large number of Italian-Americans are taking this trip. The Tuscania, of the Anchor Line, sailing June 30, will go direct to Italy by water, making calls at Genoa and Naples.

LONDON AGENT OF CANADIAN NATIONAL PAYING VISIT HERE

J. P. McClelland Finds Canada Vast Country With Great Possibilities

J. P. McClelland, district passenger agent for the Canadian National Railways in London, England, is a visitor to the city today.

During his travels across the continent Mr. McClelland was greatly impressed by Canada's vastness and wonderful possibilities.

"I have been in the country but three weeks, but already I have learned much of its resources and progressive people," said Mr. McClelland in a talk with a representative of The Times today.

Educational Tour.
"I am making an educational tour and have been traveling ever since I landed at Montreal," he added. He visited Halifax and the Maritime Provinces and crossing the continent over the Canadian National Railways went into the Peace River country as far north as Grand Prairie.

Mr. McClelland stated that the people of England are looking towards Canada as a promising field for settlers and emigration from England to this country was on the increase. Many inquiries are daily made at the London offices of the Canadian National Railways regarding transportation to Canada.

The company's London offices are very central, being located at 17-19 Cockspur Street.

Mr. McClelland arrived in the city on Saturday from Prince Rupert and has been looking over the city and its environs during the week-end.

Likes Victoria.
He thinks Victoria is a beautiful city and a most desirable place in which to reside. This morning he made the acquaintance of Canadian National Railway officials here. He crossed the Atlantic on the Cunard liner Andania and plans to return next month by the White Star Line from Montreal. Before sailing from Montreal, however, he will visit Chicago.

BIG DEVILFISH CAUGHT

Bathing off the Dallas Road beaches on Sunday a group of boys were frightened by the sight of an unusually large devilfish in these waters. The devilfish was secured later by a man from a boat and brought ashore. It stretched ten feet between the tips of its tentacles, which were nearly three inches in diameter.

BUFOED TO CARRY ALASKA EXCURSION

San Francisco Chamber of Commerce Party Will Sail North July 20

San Francisco, June 25.—Alaska, rugged land of indescribable beauty, will be the goal of a trade expansion excursion of the San Francisco Chamber of Commerce.

L. J. Calender, director of the Domestic Trade Bureau of the Foreign and Domestic Trade Department, has commenced organizing a commission that will sail for the north on July 20 aboard the steamship Buford.

The ship, operated under the flag of the Alaskan-Siberian Navigation Company, is scheduled to make a cruise of 8,316 miles, lasting forty days. The return is set for August 29. Leaving San Francisco July 20, the trade emissaries from San Francisco responding to Alaska's call to become better acquainted with the commercial possibilities of the north, will make a brief stop at Seattle.

Prince Rupert, situated close to the border line between British Columbia and Alaska, and 1,404 miles from San Francisco, will be reached the fifth day out.

Ketchikan, the port of entry for Alaska, a city partly built upon piles, upon which are laid weather-beaten boards that constitute streets, will next be visited.

From Ketchikan the mission will sail northward a distance of 236 miles through the famous Wrangell Narrows. Taku glacier, 300 feet high and over two miles wide, a sight never to be forgotten, will be seen.

Proceeding from Ketchikan the route is to Juneau, at the mouth of the Taku river.

After leaving Juneau, the trade emissaries will ascend the Stikine to Skagway. Here connections will be made with the White Pass Yukon railway to White Horse, the Upper Yukon and the famous Klondike country.

THIS IS WHAT HAPPENED THE BARON VERNON, a cargo steamer on the Clyde, after being in a collision with the Canadian Pacific liner, Metagama.

THIS RACE MAY LAST THREE WEEKS.—Start of the race in which twenty-three yachts sailed from New London, Conn., to Bermuda, 622 miles away. Each of the doughty cruising yachts was manned by amateurs. Not knowing how long some of them might take to finish the run, officials conducting the race ordered that each boat carry food and water to last the crew three weeks. But it was hoped that the winner would cross the line at Bermuda within four days.

SURPRISED TO FIND SHE'S STILL ALIVE

Mrs. Gorman Says She Didn't Expect to Survive Her Trouble; Praises Tanlac

"Three years ago, before I got Tanlac, if anyone had told me I would be alive now I couldn't have believed it," said Mrs. Hannah Gorman, 414 Arthur Street, Windsor, Ont.

"I had suffered from stomach trouble for seventeen years. Many a time I was in such agony I didn't think I could live through the day. I had awful smothering spells, terrible headaches, and was so nervous I was almost frantic and sleep was practically out of the question. Why I was so weak I could hardly dress the children, to say nothing of taking care of the household duties.

"However, Tanlac gave me back my strength, and I've enjoyed perfect health ever since. I gained nearly ten pounds in weight, have a wonderful appetite and sleep eight or ten hours every night and feel so well life is a pleasure. Tanlac was a godsend to me. No medicine in the world can equal it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37,000,000 bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere. (Adv.)

Just as the City Police Court was due to open this morning word was received that Magistrate Jay was indisposed and would not be able to take the bench again till Wednesday. All cases were adjourned until that date. Victoria at the moment is without Justices of the Peace, it is understood. The situation is complicated by the fact that the Crown is obliged to bring accused to trial within reasonable time, twenty-four hours being the accepted period.

On this occasion the club will also welcome back the club functions on account of ill-health and who has consented to present the awards to the fortunate winners.

PARALYSIS HAD PECULIAR EFFECT

Patient Cut Off From Correspondence With World

A limited order placing the affairs of Miss Sarah Holmes in the hands of a trustee for the purpose of settlement of medical and hospital fees was made by Mr. Justice W. A. Macdonald in Supreme Court Chambers to-day on an application of P. J. Sinnott, under the Lunacy Act.

Mr. Sinnott adduced affidavits of medical advisers to say while not insane Miss Holmes had suffered a paralytic affliction which affected her nerve centres, and at the moment was incapable of managing her own affairs. The claims of creditors for care and treatment at the Jubilee Hospital were \$700, and the assets some \$2,000 deposited in a local bank. A brother at the Mirville settlement agreed to the motion, said counsel. The order was granted restricted to the extent of paying the accounts outstanding, and Captain Cox official administrator named as trustee under separate bond. Miss Holmes came to this city from Alberta, and shortly after her arrival suffered an apoplectic fit, which resulted in paralysis of the right side. This in turn affected the nerve centres, and while not mentally deranged in any way the patient was incapable of communicating her wishes to the outside world. The trusteeship was made temporarily for the sole purpose of the application.

BIG PRAIRIE CROP IN PROSPECT NOW

Co-operation Between Farmers and Businessmen Urged

The crop outlook on the prairies this year is extremely good. Cecil Tice, British Columbia potato expert, told Chamber of Commerce directors to-day.

The average yield of potatoes in British Columbia is higher than in any other part of Canada. Mr. Tice declared. Climatic conditions here, he explained, were ideal for seed growing. These favorable conditions had prompted the Provincial Government to take vigorous measures to develop the potato growing industry, and had led to the holding of a potato fair, which he said, would be an excellent place for this year's potato fair, and he congratulated the Chamber of Commerce on its efforts to bring the fair here.

The great trouble in the past has been the lack of touch between the business men of this Province and the farmers. Mr. Tice said. The Farmers' Institute, if the producers will get in touch with the business men of the Province, their problems will be overcome. British Columbia is going into the export business. Large quantities of agricultural products will be exported from this Province, and in this business the farmer will need the advice of the business man.

Mr. Whitney-Griffiths deplored the action of wholesalers in cutting the prices of early local strawberries below the price of imported berries.

G.A.U.V. RE-UNION

A most successful re-union was held in the quarters of the Victoria command of the Grand Army of United Veterans on Saturday evening, which was attended by a record turn-out of the members of the organization. A splendid programme was presented by the club orchestra. The week-end gatherings, which have proved so popular a feature of the veterans' activities, will be continued through the summer months. The secretary, Constable A. C. Howard, reports that plans are well on the way for holding the annual picnic. This year no efforts will be spared to make this event, which will be held in one of the many beauty spots near the city, even more successful than those which have been held in former years.

NO J. P.'S AVAILABLE.

Just as the City Police Court was due to open this morning word was received that Magistrate Jay was indisposed and would not be able to take the bench again till Wednesday. All cases were adjourned until that date. Victoria at the moment is without Justices of the Peace, it is understood. The situation is complicated by the fact that the Crown is obliged to bring accused to trial within reasonable time, twenty-four hours being the accepted period.

The Anti-Vivisection Society will hold a social evening on Friday next at the Grand Hall for the purpose of meeting friends and supporters of the organization. Music, recitations, short addresses and other items of interest will be followed by refreshments. The meeting is open to all, free of charge.

A concert is to be given by Mrs. Hopkins' Juvenile Minstrel Troupe this evening at eight o'clock in St. Mark's Hall, Grandview. The concert will be followed by a short dance and cards. Proceeds will be given toward defraying the cost of renovation.

The regular monthly meeting of the Daughters of Pity will be held at 8 o'clock this evening at the residence of Mrs. C. H. Sylvester, 1716 Fort. As this is the last meeting before the holidays it is expected that the members will attend.

The Board of Directors of the Grand Army of United Veterans will meet at the quarters of Victoria Command to-night at 8 o'clock. Among the important subjects for discussion will be the making arrangements for the holding of the forthcoming Semi-Annual General Meeting of the Command and the making of a report in view of this and of the fact that this is the last meeting of the financial year, a full attendance is anticipated.

This evening at eight o'clock in St. Paul's Presbyterian Church, Victoria, West, the subject for discussion will be "Spiritualism in the Light of the Scriptures." The speaker will be Thomas Humphries who has made a special study of the question. Mr. Humphries is well known as one of the leading laymen in the Presbyterian Church. The business world he is known as the manager of the Dominion Life Assurance Company. In view of the interest aroused recently in the spirit world doubtless a large number will want to hear this address.

The Ladies Aid Society of St. Columba's Cathedral, St. James' Bay, will hold the Annual Strawberry Festival to-morrow evening, from 8 to 10 o'clock in the schoolroom of the Church. An excellent programme has been arranged and the usual jolly time is anticipated. The following entertainers will take part: Miss Brota Kerr, Mrs. A. Lock, Mrs. R. D. McCaw, Mr. E. Wright, Mr. Ernest Lock and Mrs. Andros.

YES, boys will climb—maybe it is an instinct handed down by tree-dwelling ancestry—but they do it—always have done it, and always will.

A tree, a fence, an old building or a trestle—up they go. And how they wear out shoes. Ordinary shoes seem to last almost no time.

Fleet Foot shoes on those youngsters. Fleet Foot are light, flexible, comfortable, tough wearing and economical.

They are not Fleet Foot unless the name Fleet Foot is on the shoe.

FROLIC FILMS TO BE SHOWN THIS WEEK

An extra attraction on the programme of the Royal Victoria Theatre this week will be the moving pictures taken during Victoria's Maytime Frolic week. Some particularly fine pictures were secured of the coronation and other ceremonies centred around the May Queen and these will be shown for the first time to-night.

SOUGHT MANDAMUS TO COMPEL HEARING

Case Affects Thirty-One Chinese Who Appealed

An order in the nature of a mandamus writ to compel His Honor Judge Lampman in the County Court to entertain the appeal of Rex versus Chow Kee, where Chow Kee and thirty other Chinese are the appellants, was refused by Mr. Justice W. A. Macdonald in Supreme Court Chambers to-day without prejudice to the rights of the parties.

H. W. R. Moore asked for the order, which was opposed by C. L. Harrison for the Crown. The appellants were convicted and fined each \$25 and costs in the police court on a charge of being inmates of a gaming house in premises, known as the Oriental Club building, on the west side of Fan Tan Alley.

They appealed to the County Court, but the appeal was dismissed on the ground that proof of service of the necessary notice had not been given, a legal technicality. From this the appellants appealed further.

TAXATION CLAIM SETTLED AMICABLY

One Case Withdrawn From List of Court of Appeal

At the opening of the hearing of the B. C. Mills and Trading Company (respondents) versus the Minister of Finance (appellant) in the Court of Appeal this morning, it was announced by counsel that a settlement had been reached out of court. Their Lordships agreed to the withdrawal of the hearing from the list. Dugald Donaghy appeared for the Minister of Finance, and D. N. Hossie for the respondents. The appeal was to have been one from a decision of D. Downie in the Vancouver Court of Revision which had reduced the taxable income payable by the respondents by a total of \$47,082. Such reduction, contended the Crown, was unwarranted.

The hearing of the Minister of Finance (appellant) versus the Caledonian Insurance Company (respondents) followed being an appeal by the Crown from a judgment of Mr. Justice D. A. Macdonald who awarded title to certain land in the New Westminster district to the respondents upon payment of succession dues in connection with the estate of the late Thomas Sheriff Higginson. To the court this morning Dugald Donaghy, for the appellant, explained that the appeal involved the point as to whether or not succession dues constituted a prior charge on property of a testator though not registered. In this case the land in question was sold under an agreement of sale in which all but \$1,200 of \$4,000 was paid to the testator Higginson. The purchaser then mortgaged the property to the Caledonian Insurance Company. The Crown claimed the full amount of succession dues payable by the estate from the property, when the question of the \$1,200 equity was raised. The appeal proceeds with Alfred Bull for the respondents.

TO SPEAK TO PICNICKERS

Rev. Dr. Wilson has consented to deliver an address on "The Ideals of Canadian Citizenship" at the picnic on Monday for Bannich residents at Beaver Lake. The Boys' Naval Brigade Band will furnish music for a concert. The picnic committee will meet on the ground at two o'clock on Wednesday.

Vancouver Two Ahead in Race For Minto Cup

Terminals Win By Odd Goal in Fast 7-6 Game at Vancouver

Vancouver, June 25.—In another fast and exciting game of lacrosse staged at Athletic Park Saturday afternoon the Vancouver Terminals defeated New Westminster and stepped two clear games ahead in the Minto Cup scramble. The score was seven to six.

The game was full of thrills most of the way, although it lagged at times in the last two periods. A few minutes from time the score was tied at six all, but with just a couple of minutes to go Crookall settled the argument by beating Feedham cleanly with a comparatively easy shot from outside the defence.

Game Nearly Lost—A minute or two prior to this Pitts had nearly thrown the game away. Vancouver was leading six to five when Feedham rushed to pull one of his grandstand rushes from his goal. Pitts checked the ball from him and raced towards the unprotected net but shot too quickly and hit the post. On the return play J. Gibbons scored for New Westminster and tied it up. Then Crookall's shot gave the locals the edge, which they held to the end.

The bright particular stars of the game on the Vancouver side were Jake Davis and Jimmy Gunn. The latter goalkeeper gave another exhibition, all the shots that beat him being unstopable efforts. Gunn, besides doing all fielding for the team during the afternoon, was an important cog in most of Vancouver's attacks. He broke from his check more successfully than any other member of the team and was a continual source of trouble to New Westminster and his helpers. Just at the finish he collapsed from his efforts and was out for several minutes. He recovered and played well through.

McDonald Absent—With Angelo McDonald out of the line-up through illness, Chambers and Pitts both appeared as regulars and the whole team moved through the game without substitution.

A marked improvement in the home team was noticeable. The players moved around much faster and were able to pull the Royals' defence open with frequency.

Doughy Spring was the pick of the Salmonbellies, with Storme, who played in a field-home position, ably seconding him in the first half.

Qualifying Rounds of Tennis Handicap—The qualifying rounds in the Victoria Lawn Tennis Club's annual handicap tournament commenced Saturday afternoon under favorable weather conditions and before an encouraging gallery of spectators.

A start was made in every branch of the game. Nine men's singles were played during the afternoon, while in the ladies' singles three results were turned in. The men's doubles claimed five games while the ladies' mixed doubles also one game.

Fifty-two players were on the greens in Saturday afternoon's games and that many a good match was played is obvious by the close scoring.

Probably the best match of the afternoon was provided by a player without a handicap, H. S. Flett, playing from scratch, defeated G. Mogg, who received fifteen in two sets, each of which went into twelve games. The results of Saturday's play is as follows:

E. E. McCallum (oves 4-6), defeated C. Allan (receives 15), 6-2, 6-2.
D. M. Gordon (oves 4-6), defeated G. A. B. Balner (scratch), 6-1, 6-1.
A. M. H. Hodgins (receives 4-6), defeated J. R. Kingham (scratch), 6-0, 6-2.
R. Wilson (receives 15), defeated Capt. R. Berrill (receives 3-6), 6-4, 6-2.
A. S. G. Murgrave (oves 3-6), defeated V. H. Loureiro (receives 3-6), 6-0, 6-3.
Rev. W. Carroll (receives 3-6), defeated J. Cadzow (receives 3-6), 6-2, 6-2.
L. Wyler (scratch) defeated R. H. Edgill (scratch), 6-2, 6-2.
G. L. Foulkes (scratch) defeated G. Cameron (receives 15), 6-2, 6-4.
H. S. Flett (scratch) defeated G. Mogg (receives 15), 7-5, 7-5.

Ladies' Singles.
Mrs. Murgrave (receives 3-6), defeated Miss M. Mason (scratch), 6-2, 6-4.
Mrs. Rickaby (oves 3-6), defeated Miss Peggy Jackson (oves 15), 7-5, 6-1.
Miss E. V. Edwards (oves 1-6), defeated Miss Appleby (oves 1-6), 6-2, 6-3.

Robert Geletly Sets New Golf Record in Vancouver Title Game
 Vancouver, June 23.—Robert Geletly, of Jersey Country Club, won the amateur golf championship of Vancouver on Saturday afternoon when he went around 36 holes at Shaughnessy Heights in 147, a new mark for the city title. R. Knox Walker was second, one stroke behind.

Tilden Wins Title in Great Lakes Tourney
 Buffalo, N.Y., June 25.—William Tilden, national tennis champion, yesterday won the Great Lakes tournament, defeating Manuel Alonzo, Spanish Davis Cup player, 7-5, 6-2.

Indoor Baseball
 An executive meeting of the Victoria City Indoor Baseball League will be held at 8 p.m. Tuesday the 26th inst. in the Garrison Library, Work Point Barracks.

Ontario Holds First Amateur Golf Series
 Toronto, June 25.—Robert M. Gray, Jr., of the Rosedale Club, won the first Ontario amateur golf championship here Saturday from a field of 130 competitors at a score of 18 by defeating Frank Thompson, former Canadian champion, the latter scoring 18.

In the morning Gray defeated Stanley Thompson, the match going to the twenty-third green.

Champion To Visit Victims In Hospital

Giant Cowboy and Big Negro on Invalid List From Dempsey's Smashing Blows; Both Fighters Enter Last Stretch of Training Grind For Title Clash

Great Falls, Mont., June 25.—Jack Dempsey will rest to-day before resuming the last stretch of his training grind to-morrow in preparation for the defence of his world's championship against Tommy Gibbons at Shelby, July 4.

The champion finished his last strenuous work with the gloves yesterday when he stepped ten furious rounds with five sparring partners. He is satisfied with his hitting power and so are the men working with him. When he resumes training to-morrow he will devote attention to increasing his speed, meeting the lighter men in camp, which includes Billy Wells, the British welterweight.

Dempsey is going into the final stretch of his training in a happy, carefree frame of mind, showing none of the irritableness which was characteristic of him in advance of other championship contests. Sunday dinner was almost the only visible evidence that the champion was celebrating his twenty-eighth birthday.

Victims.
 Dempsey to-day plans on a visit to "Big Ben" Wray, Sayre, Okla., who is confined to a hospital suffering from a broken jaw received when he was knocked out in less than a minute by the champion last Friday. Dempsey expressed regret over the accident and wants to tell Wray that he is sorry.

Wray is not the only invalid on the hospital list. George Godfrey, the 225-pound negro who has given Dempsey some of his hardest work-outs, is suffering from a fractured rib as a result of Dempsey's smashing blows.

Top Form.
 Shelby, Mont., June 25.—Settling into the last week of his training, Tom Gibbons, St. Paul challenger, to-day apparently was at the height of physical fitness and declared himself to be in "tip-top" form.

"I never felt better before a fight in my life," he said. "This high altitude agrees with me. My wind has improved greatly since I started training and I haven't any excess weight to hamper me."

The challenger staged a brilliant workout yesterday before nearly 600 spectators, the largest crowd that has witnessed any of his afternoon sessions thus far.

First indications of the probable seat for the bout are expected to come when the initial returns from \$500,000 worth of tickets distributed over the country are received here. The tickets remaining unsold were ordered sent in last week.

Twenty Thousand Expected at Tennis Games at Wimbledon
 Wimbledon, Eng., June 25.—The annual tennis championships opened here to-day with Great Britain's leading stars entered. The new stadium where the centre court is located is expected to accommodate 20,000 people and this, it is expected, will be taxed to capacity by the large crowds of spectators.

Mrs. Fairbairn Wins Title at Uplands Course
 Mrs. A. M. D. Fairbairn carried off the ladies' championship on the Uplands course with little difficulty yesterday when she met Mrs. R. L. Pocock, the score reading 7 up and 4 to go. In the first flight Miss K. Wilson beat Mrs. Macfarlane 5 and 4 and in the second flight Miss Young won by default. The ladies' club championship has provided some interesting games which have been well fought out and the winner has played consistent golf throughout the series. The prize giving ceremony is set for Wednesday night when the president will hand the awards to the successful competitors.

Department Store Tennis Players to Stage Tournament
 The first annual lawn tennis championship tournament staged by Spencer's Athletic Association will commence Wednesday. Two challenge cups, one for the ladies' singles and one for the men's, have been presented by J. W. Spencer, and there is an attractive list of prizes for the other events.

The competition includes men's singles, men's doubles, ladies' singles, ladies' doubles and mixed doubles; also both men and ladies consolation singles; and are open to all members of the association in good standing. Already a substantial list of entries in all events has been obtained, and, subject to favorable weather conditions, the success of the tournament seems assured.

Toney Quits Game, Fans Razz Too Much Says Diamond Star

St. Louis, June 25.—Fred Toney voluntarily left the game in the second inning of Saturday's Chicago-St. Louis Nationals contest and announced he was quitting baseball. He said his action was due to jeering of spectators when he reprimanded shortstop Torprier for not following his sign to play close to the third base with Hatcher was at bat.

ESQUIMALT MEETS ARMY STICKHANDLERS ON CANTEEN FIELD

Esquimalt and United Service are meeting in a league fixture to-night at the canteen grounds, Esquimalt. The suburban boys are very anxious to chalk up a victory over the army, and a good fast game is sure to be seen. Bob McInnes is slated to handle the whistle, starting the boys at 7 p.m. Esquimalt will rely on Pascoe, Clegg, Roscamp, Rickson, Pasmore, Huxtable, Steele, Nute, Broadbent, Ross, M. Hicks, Vin-Hicks, Alexander, Popham and Jenkins.

VICTORIA ELEVEN WINS UP ISLAND

Local Cricketers Take Games From Cowichan and Nanaimo
 On Saturday the Victoria Cricket Club motored to Duncan and met the Cowichan team on the recreation grounds and won by seventy-one runs. Owing to the late arrival of one of the cars the Cowichan skipper very sportingly granted the privilege to the Victoria team in taking first knock, this action being a decided advantage to the visitors on account of the being side having to bowl with a wet ball.

Sholto Gillespie, McAdam and Captain Coley batted well for Victoria, each one finishing into double figures. The bowling of the Cowichan team was very good, Carr-Hilton and Cole making sensational catches. Victoria retired for 112.

George Wilson, bowling for Victoria, worked havoc with the Cowichan team, taking the whole ten minutes for seven runs. He bowled exceptionally well, making the ball break considerably. Grant at the other end kept the runs down nicely, the whole side being retired for a total of forty-one.

On Sunday morning the team motored to Nanaimo and met the Nanaimo eleven at the Caledonia grounds, and won by 128 to 82. The field was wet and slippery, and the bowling of both sides was poor. Bob Hindmarsh made a sensational catch for Victoria, Sholto-Gillespie and Wilkinson bowled well for Victoria, retiring the Nanaimo team for a total of eighty-nine. Leighton could not hold the ball and Victoria ran up 129.

CONNAUGHT SOCCER GAMES IN SWING

Air Cleared of All Protest and Date Set for Up-Island Game

Saskatoon, June 25.—Saskatoon C. N. R. and Regina Imperial Oil played to a 3-3 draw in the final match for the right to represent Saskatchewan in the Connaught Cup football series. The replay will take place in Regina next Saturday, provincial football association officials announced.

Nanaimo, June 25.—As a result of the meeting of the B. C. F. A. board here Saturday, the air was cleared of all protests in regard to the Connaught Cup games, and the match was ordered to be played at Ladysmith on July 7, provided an extension of time is granted by the D. F. A.

The board took the stand that no definite charges were made in the L. A. protest against Nanaimo playing Brown. They had simply referred to a section of the rules and not even stated that Brown had violated this.

Nanaimo withdrew their protest against the Ladysmith team for having played Davis. The Vancouver Pacific Railway football team qualified to enter the inter-provincial finals for the Connaught Cup, emblematic of the soccer championship of Canada, when they defeated the Grenadier Guards here Saturday, 1 to 0.

Under a tentative scheme, Canadian Pacific Railway players would then meet in the final at Winnipeg August 4. There is a possibility, however, that owing to financial reasons, the finals may be played in the East.

Calgary, June 25.—The Connaught game here Saturday between Drumheller and Calgary Hillbush was postponed until Wednesday, June 27, on account of rain.

Giants Retain Safe Margin In National

Win Six Straight Victories; Phillies Miss Chance of Moving Up

New York, June 25.—The New York Giants to-day have a safe margin in first place, having won their sixth straight game yesterday 6-3, making it three straight from the Braves. Pittsburgh also won over St. Louis 6-4, while Alexander shut out Cincinnati, Chicago winning 3-0. Brooklyn fanned on Philadelphia 9-4, taking six turns in the first inning and getting only one hit.

While the Yankees were idle, Philadelphia passed up another chance to shorten the distance in the leadership. The Athletics, who rely on an 8-0 victory. Sherrod Smith, former Brooklyn pitcher, kept "coming back" for Cleveland, beating St. Louis 8-2, while Daus of Detroit blew up in the ninth and lost to Chicago 9-8.

National League.
 Chicago, June 24.—Alexander held Cincinnati to three hits in a pinch duel with Luque to-day and Chicago won, 2 to 0. Luque's wildness proved his undoing, putting an end to the Cincinnati star's string of 29 scoreless innings. It was also Luque's second defeat of the season in 11 games.

KINGSTON TENNIS TEAM PAYS VISIT TO JAMES ISLAND

Draw in Sixteen Hard Fought Games On Excellent Wooden Courts

The James Island Lawn Tennis Club was visited over the week-end by a mixed team from the Kingston Street Lawn Tennis Club, when a series of sixteen matches was fought out on the excellent wooden courts of the island players, the result being a draw. The last two matches had to be called owing to lack of time to finish them, when the score reached set all.

The visiting players were most hospitably entertained by their James Island friends. It was the unanimous verdict of the Kingston Street team that never had they spent a more enjoyable day, and they are keenly looking forward to the return engagement when the James Island team will be the guests of the local club.

Ladies' Doubles.
 Mrs. Thomas and Miss Thomas (James Island), beat Mrs. List and Miss Severs (Kingston Street), 6-1, 6-5.

The Misses Richards (James Island) beat Miss Hickey and Miss Grant (Kingston Street), 6-1, 6-3.

 Mrs. Thomas and E. Rivers (James Island) beat Miss Marquart and Temple (Kingston Street), 5-2, 6-5.

Men's Singles.
 Witter (Kingston Street) beat E. Rivers (James Island), 6-3, 6-3.
 In the drawn match between Mrs. Shaw (Kingston Street), the former took the first set, 6-4, the latter winning the second, 6-5.

Ladies' Singles.
 Miss Thomas (James Island) beat Miss Severs (Kingston Street), 6-1, 6-3.
 In the drawn match between Kingston (James Island), and List (Kingston Street), the latter won the first set, 6-5, Holland gaining the second, 6-4.

SIX THOUSAND AT WINNIPEG RACES

Feature Mile Race, Citizens' Purse Captured By Bernice E.

Winnipeg, June 25.—The riding of Jockey Neal, who won four firsts and rode home a place and a show in six mounts, featured the opening day's racing of the fifth international race meet here on Saturday. More than 6,000 persons watched the runners perform on a muddy track and, though the favorites came through in the majority of races, the heavy going upset the dope on two or three occasions.

C. C. Emmert, of Edmonton, as usual, proved a winner with Prairie and Hummer, both horses living up to last year's form.

The feature race, the citizens' purse, a mile event, was captured by Bernice E. from Malton, Wash. when she came from behind to nose out Emmert's Certain Point, quite nicely on the stretch. The races continue all this week. No exceptional prices were paid by the mutuels.

Second race. About five furlongs, purse \$400—Wells, won; Rubiari, second; Spizler, third. Also ran, La Bete Noire, Charles Connell, Mollo O. Black Spray, Madam Hurry, Effie Randall, Time, 1:13 3-5.

Third race. About five furlongs, purse \$300—The Sheik, won; Monague, second; Symbol, third. Also ran, Teupolia, Girl, Sweet Temper, Sweet and Low, Time, 1:10 2-5.

Fourth race. Citizens' Stake, one mile, purse \$500—Bernice E. won; Certain Point, second; Hot Bird, third. Also ran, Bob Nail, Snaphot, Merry Marqua, Mudoba, Time, 2:04 1-5.

Albions and Incogs Secure Cricket Points

Five C's Press Incogs Hard; Albions Score 254 Runs Against Congo's

The Incogs and the Albions were the point winners in Saturday's league cricket, taking the points at the expense of the Five C's and the Congo's respectively. The Incogs and the Five C's staged the encounter of the day, the Cathedral players only falling nine runs short of lowering the colors of their undefeated opponents. After putting the whole of the Incogs out for 101 runs the Five C's failed to rise to the occasion at bat and helped by Sparks' brilliant bowling the Incogs dismissed the C's for 88.

In the other game the Albions, batting first, made 254 runs. The best of the Congo's could do in reply was 88 runs.

KNOX CHURCH CLUB

There was an enthusiastic meeting of the Knox Church Tennis Club last week. The membership showed a good increase, and by the good turnout on the courts it was shown that all were enjoying this popular sport.

At the meeting it was decided that an ice-cream social be held on July 7. The social will be held on the courts, and the money raised will be used for repairs and other improvements to the courts. During the afternoon and evening ice-cream, strawberries, cake and tea will be served. Candy will also be on sale. A programme of music and exhibition tennis will add interest. The social will be opened to the general public.

THE DUKE LOSES AT END OF HARD RACE

Redondo Beach, Cal., June 25.—"Duke" Kahanamoku, Hawaiian short distance swimmer, was defeated by three yards in a 700-yard ocean race starting and finishing in the surf here Saturday by Jerry Witt, of Los Angeles. Kahanamoku held the lead until the entry distance. Colin Smith, of Los Angeles, was third. No time was taken. The race was sanctioned by the Southern Pacific branch of the Amateur Athletic Union.

SECOND DEATH IN FAMILY OCCURS

Francis E. Knight Quickly
Follows Injured Son to
Grave

In the death of Francis Edward Knight at St. Joseph's Hospital Saturday evening is added another chapter to an exceptional story of tragedy in his family.

Mr. Knight was seventy-three years of age, and death followed a paralytic stroke. He came from Ottawa here to see his son, Percy George French Knight, who was critically injured in an accident during lumber operations at Eberts and had been taken to St. Joseph's Hospital for treatment. Mr. Knight, Jr., made a very brave battle for life, extending over a prolonged period. However, several days before he died his father had a stroke and was removed to the same hospital. Mr. Knight, Sr., fell into a comatose state and was unconscious that his son had passed away.

Mr. Knight was a native of Quebec. Mr. Knight had resided at Ottawa for a considerable period. He is survived by a son, Charles Knight, at Calgary, and two daughters, Mrs. W. M. Stewart, of Ottawa, and Mrs. A. Llewellyn Jones, of Revelstoke.

The remains will be forwarded by the Sands Funeral Co. to Quebec for interment.

VANCOUVER ISLAND NEWS

URGES GREATER CARE OF CHILDREN'S TEETH

Special to The Times

Metochosin—In a report to the Provincial Board of Health on the Metochosin, Langford, Colwood, Goldstream, Highlands, Happy Valley, Rocky Point, Albert Head, Sooke, North Sooke, East Sooke, Jordan River, Shirley and Otter Point schools, Dr. R. Felton, Medical Inspector of Schools, says:

"These fourteen public school districts, in a notably healthy geographical area tributary to Victoria, contain about 350 children of ages six to sixteen.

"There is a marked absence of malnutrition and under weight, and with few exceptions the general health, cleanliness and well-being of these country children is most encouraging.

"I have been induced to take a more than general interest in the incidence of dental caries, and have come to the conclusion that the lack of knowledge on the part of the parents as to the importance of cleanliness of the mouth and repair of the teeth added to the unfortunate difficulties of obtaining dental treatment, either due to actual cost of dental work or to cost and inconvenience of transportation to town, results in a serious position which it is in our power to remedy.

"The first difficulty is gradually being overcome by the work of the public health nurse in these districts which are fortunate enough to enjoy her services, and could be overcome perhaps in the other districts by propaganda distributed by teachers and institutions. An encouragingly larger number of parents are taking interest in this question which is of sufficient importance to warrant every possible support on our part.

"The second difficulty is less easily attacked. Although the present conditions may render the establishment of traveling dental clinics in rural districts beyond our reach owing to the financial problems involved, yet this should be a part of our policy to be adopted as soon as finances and public support will allow.

Of the children of the districts he says:

"Mentally deficient children are almost absent, and the average intelligence appears to be high."

BROWNIES ENROLLED

Special to The Times

Metochosin—Mrs. Tyrrell Godman, Island Commissioner of Girl Guides, visited Metochosin and officially enrolled the Metochosin Brownies Pack. The interesting little ceremony took place at "Rosedale," the home of Mrs. M. H. Brown, mother of the captain of the local guides and brownies, the guides all being in attendance. The Metochosin Guides were the first company to be enrolled by Mrs. Godman in her capacity as commissioner, and strangely enough Metochosin is the first Brownie Pack to be enrolled by her. After a friendly little talk to the pack on their promises and the meaning of their badges, etc., the company disbanded.

On Saturday afternoon the guides were taken by their captain to Victoria, to take advantage of the kind invitation of the Compton Comedy Company to all guides in uniform to attend the matinee at the Playhouse. Mrs. Godman also gave the use of her car for transportation of the girls.

SOOKE NOTES

Special to The Times

Sooke, June 25.—On Friday evening the local committee of the Girl Guides of Sooke gave a dance in the Sooke Hall in aid of its funds. The committee is planning to send Miss S. Pike to the Summer School at Vancouver in July, and the proceeds of the dance will be used for this purpose. The Sooke orchestra was engaged to play for the dancing and a very enjoyable evening was spent. Refreshments were served about 10:30 p.m., after which dancing was resumed until close on one o'clock.

Next Friday evening, June 29, the Women's Institute is planning to give an entertainment and dance in aid of its fund for the school plane fund. They have now nearly \$190 on hand and hope to raise the balance required next Friday evening. Mr. R. H. Pooley, M.P., who is always ready to help out, has promised to bring out friends for the entertainment, which will commence promptly at 8 p.m. standard time. The arrangements for the evening are in the hands of a committee, and it is planned to serve ice cream during the dance. The Sooke orchestra has been engaged for the latter part of the evening's entertainment.

FILMS PRODUCTION
UNDER DIFFICULTIES

"Slander the Woman" Is Now at Royal

Finding just the right locality for the filming of a picture, sometimes presents problems to a director which at first appear insurmountable. Picture the plight of Director Allen Holubar, of First National Pictures, when he was handed, the script of "Slander the Woman," on a warm, sunshiny California day. Imagine the problems that confronted him when he found that the locality needed was one of snow, forest, ice, forests and cities more European than American.

His first thought was of a suitable star. Because of her work in "Once to Every Woman," "Hearts of Humanity" and "Hurricane's Gal," Holubar selected Dorothy Phillips for the stellar role. He wanted an actress who could portray the emotions of a woman when she realized that her most priceless heritage—her fair name—had been ruthlessly stolen. He found this woman in Dorothy Phillips.

His next problem was the selection of a stretch of country wherein were to be found snow, forest, ice, wind and forests. His scouts decided upon Truckee, a little town not far from Lake Tahoe, nestling amid the snow on the California-Nevada frontier. It was a memorable occasion when

AMUSEMENTS TO-DAY

Royal—"Slander the Woman,"
Capitol—"The Man Who Played God,"
Dominion—"The Exciters,"
Columbia—"The Storm."

the cast of "Slander the Woman" left Los Angeles in a special train for Truckee, Cal. The train consisted of eight sleepers and a dining car, several flat-cars loaded with equipment and several cars containing equipment that was necessary to lighting and the proper photographic effects.

Probably the most important equipment taken was a special dynamo, built expressly for filming this picture. There were also portable conveyances for transporting the generator, lights and other equipment into the wooded fastnesses.

Utilizing the most modern inventions, the outdoor scenes of "Slander the Woman" were filmed. A great many of the scenes were "shot" at night, in the glare of the great Klieg lights. Because of the picturesqueness of the locality the production contains some of the most beautiful snow scenes that have ever been shown.

This triumph of photography and acting will be shown at the Royal Theatre for six days, beginning to-day. "Slander the Woman" is presented by a superb cast and portrays a story replete with heart throbs and soul-stirring interest. It is considered to be one of the stellar First National releases of the year.

GEORGE ARLISS IN
NEW PHOTOPLAY

Famous Star's Latest Feature Now at Capitol

Almost any report of the doings of George Arliss, noted screen and stage star, is interesting, but the announcement that his latest photoplay, "The Man Who Played God," in which he has the star role, and in which he again proves his astounding versatility as an actor, constitutes real news for the motion picture theatre-goers of this city.

This announcement comes from the management of the Capitol Theatre who tells of having booked "The Man Who Played God," a United Artists Corporation release, for this week, and with it comes also the statement that George Arliss will be seen in an entirely new type of characterization.

"The Man Who Played God" is adapted from a play by Jules Eckert Goodman, founded on Gouverneur Morris's story of the same title as the picture. It was arranged for the screen by Forrest Halsey. The work of direction is by Harmon Weight.

The story deals with a world-famous musician who suddenly becomes deaf. Embittered against the whole world he is a changed man within a few months, and is driving wife and friends from him by his despair and cynicism. To offset his deafness he has learned lip-reading and through this knowledge, and just as he has determined on suicide, he learns of another life tragedy greater even than his own. His mind taken from his own grievance against the world he begins the game of playing God. So engrossing does his work for the betterment of others become that in a short time he becomes his normal self. He believes his wife has come to love another and offers her freedom. Through a trivial accident he regains his hearing as suddenly as

he lost it, and at the same time learns that he has misjudged his wife.

Mr. Arliss is supported by a cast of exceptional strength. Ann Forrest, one of the most popular women of the screen, has the leading feminine role, with Effie Shannon, Edward Earle, Ivan Simpson, Mary Astor, Margaret Seddon and J. B. Walsh also in the list of players. Little Miriam Battista and "Mickey" Bennett also are among the players, playing the roles of waifs toward whom the embittered musician plays God.

"Admirers of Mr. Arliss are going to like him better than ever in this picture," says the manager of the Capitol Theatre. "It is his best; with a wonderful story, a splendid cast, remarkable direction, beautiful sets and the best of photography."

BEBE CATCHES FISH,
THROWS IT BACK

Miss Daniels, in "The Exciters" Now at Dominion, in Picturesque Scene

While in Florida filming scenes for "The Exciters," a Paramount picture, in which she is co-starred with Antonio Moreno and which comes to the Dominion Theatre this week, Bebe Daniels experienced her most thrilling moment in life. She was induced to do some fishing from the hotel pier in West Palm Beach one foggy morning, and no sooner had she thrown her hook into the water than there was a violent jugging at the line. Bebe was all excited at the sudden catch. She called for help and with the aid of bystanders pulled in a large tarpon. She did not know whether to laugh or cry for she had fully expected to fish without catching anything. At any rate she insisted that the tarpon be thrown back into the water, explaining that it was bad enough to kill for food, but positively brutal to take life for pleasure.

THROES OF NATURE
VIVIDLY DEPICTED

Columbia Presents Strong Film in "The Storm"

One of the greatest works of screen art of the year is "The Storm," a Universal-Jewel production, at the Columbia Theatre to-day, Tuesday and Wednesday. Paeons of thanksgiving are due Reginald Barker, director, and the three principals of the cast of six, Virginia Valli, House Peters and Matt Moore. They have produced one of the classics of the cinema.

A usually non-exuberant reviewer checks himself to guard against rapturous extravagance. Were any of the scenes underplayed or overplayed? No. Did the photographer dominate the director? No; not even a furious snowstorm and a raging forest fire were given undue length. Were the titles ever grandiose or

mawkish or trifling? No, not once. If one were a Senegalese and this picture were being seen by him in Timbuctoo, without a musical accompaniment, would he be extraordinarily moved? Yes; this is a work of fine art, and it will have vigor in any land and any time.

By her performance in "The Storm" Virginia Valli takes rank with the very first of screen actresses. House Peters as the woodsman and Matt Moore as the city friend lived their roles with the same truth that gives big life to every inch of this film.

For splendor of scenic effects, "The Storm" must be given a high place among the season's attractions on the screen. There is an exciting view of a canoe, propelled by a girl and an old man through a wild rapids, under gun-fire, that stirs one's blood to keep pace with it.

There is a blizzard with endless tons of snow streaming in an avalanche down the mountain sides, isolating the girl and two men in the wilderness. There is a forest fire, with flames spurting high enough to lick the clouds, and the three figures fighting their way through it. The Columbia should be filled to

Full speed ahead!
That's the cry of the speed-loving heroine in this sizzling melo-comedy.
And it's the tempo of the picture as well.
It's a flapper story with a different twist—that something new you crave—a pure gem of originality glittering in a world that's seventy-five per cent. imitative.
Thrills and laughs—it's a melodrama and a comedy in one.

Woman's Love Or Woman's Vengeance! Which?

Yvonne Desmarest faced a bitter problem! Her reputation had been torn to shreds! Her good name besmirched with the mud of scandal! Friends had turned away from her!—she was alone, a social exile! And why? She wondered! A man in a black robe on a judge's bench had let them brand her—but she would not let that go unchallenged—she would have her say, her revenge—although her heart was breaking!

Sharp tongues had sent her to this seclusion in the far North country across The White Frontier—where people go to forget—and to be forgotten! But could she forget—or forgive?

PANTAGES OFFERS FINE PROGRAMME

Five-Act Vaudeville This Week, With Usual Motion Picture Features

That patronage is increasing at the Pantages Theatre is shown in the confidence which the management is gaining in its business in Victoria. The vaudeville programme has been increased this week from four acts to five acts, while the usual number of pictures will be shown, the feature production, "Youth," featuring Caroline Daniels and Maxine Hamilton and the usual Pantagescope and Century Comedy.

This week's programme promises to be one of unequalled talent and exceptional entertaining value. A symphony of tone and color will be presented by Mildred Andre along with Joe Bardo, who have brought with them a bevy of beautiful chorus girls and equally beautiful costumes. Their production will be the feature of the entire vaudeville programme, and something in the way of a surprise is held in store for those who attend.

Another of the prominent numbers which will be offered will be the sea-side comedy skit and dialogue titled "Pebbles." Jerry O'Meara and Mary Landis appear in this delightful fun producer, and those who appreciate a good laugh will do well to see this. A new novelty is the way Adonis and company describe their offering. Judging from preceding notices their presentation will be of the character which requires little persuading to attract one to the theatre. His company will offer one of those delightful gripping and thrilling acrobatic turns which provides a relief from the general trend of sparkling comedy which the bill promises to the patronage this week. Adonis has a wonderful dog that imitates him, so that lovers of animal tricks will also have their wishes fulfilled.

Another act of a similar character is the La France brothers, billed as the world's greatest gymnasts and head balancers. Under this title the brothers render many exceptional balancing feats. Their offering is one of exceptional merit.

PLAN PICNIC TO WITTY'S LAGOON

On the invitation of Mrs. E. C. Hart arrangements have been made by the B. C. Historical Association for a basket-picnic to Witty's Lagoon, Albert Head, to be held on Saturday afternoon, July 7. All members of the Historical Association and the following affiliated societies, Natural History Society, Authors Association, Native Daughters, Lady Douglas Chapter I.O.D.E., and friends, are invited. There will be an opportunity for inspecting some old Indian mounds and other features of historic interest. Tickets may be obtained from the Secretary, J. Forsyth, Provincial Library. Sight-seeing cars will be provided, which will leave Victoria at 1.45 from a point still to be arranged. In order to ascertain beforehand the number going, all persons who intend participating are asked to obtain tickets before Thursday, July 5.

YOUNG ARTISTS PLEASE

Pleasant Entertainment by Pupils of Miss Collis
On Saturday afternoon the pupils of Miss Muriel Collis held a very successful recital at the home of their teacher, 838 Dunsmuir Road. The children all did well and showed the advantages of the Virgil Clavier method.

Although the eldest has not reached the age of twelve, they showed much

musical feeling and good technique, and in some cases unusual talent. Several of the little ones had only studied since Christmas, and were keenly interested in their first recital.

The programme closed with two songs by Miss Kathleen Davies, the possessor of a rich, musical voice, while during an interval Miss Berta Collis also sang very sweetly. Both were much appreciated. Tea was served in the dining-room, which was prettily decorated for the occasion. The following pupils contributed to the excellence of the programme: Patricia Carmichael, Eleanor Heisterman, Peggy Thomas, Barbara Twigg, Jean Thomas, Betty Tuckey, Miss B. Collis, Jean Lennox, Marguerite Morrison, Brian Carmichael, Patricia Carmichael, Esther Smith, Richard Angus, and Pamela Winslow.

LEARN MUCH OF VALUE TO MEMBERS

Gardeners' Association Holds Picnic to Experimental Station

The Victoria and District Gardeners' Association visited the Sidney Experimental Station on Saturday last, on the occasion of the annual picnic. Special arrangements had been made with the B. C. Electric Railway for the transportation of the members.

Arriving at the farm about 2.30 o'clock they were welcomed by E. M. Straight, Superintendent, who in a few words expressed the pleasure of receiving them that afternoon and hoped that the visit would be of great interest and of pleasure. Programmes had been prepared by him, and were then distributed. The first part dealt with the poultry farm, where under Mr. Jeffries, a practical demonstration of killing, plucking and dressing poultry was given. This was of great interest too, not only to the members, but to the women who accompanied them. Mr. Jeffries dealt with the feeding of birds for marketing, giving crate feeding a great advantage of birds running on the range.

The bee apiary was then visited, where under the supervision of Mr. Sainsbury a very interesting talk on bees was given, demonstrating different types of hives, appliances, and to those who possessed the courage to accompany Mr. Sainsbury a demonstration on a hive was given, showing the active workings of the bees.

The horticultural section was then inspected, being under the supervision of Mr. Hall and Mr. Marshall. This work is chiefly experimental and members were able to learn of the best methods and varieties of which to adopt and use. Considerable time was spent in visiting the various departments of this section. Mr. Marshall ably describing and explaining the various systems of growth.

At 6 o'clock the majority of members wended their way to the supper tables, and much to the delight of the ladies, found them gaily decorated with choice flowers and baskets of fruit, the latter proving also popular with the male section. After supper various games and amusements were indulged in. Geo. Strawfore taking the children in charge.

The tug-of-war between the President's team (W. J. Edwards) and the Vice-president's (T. Astley), caused a considerable amount of interest. Members were cheering their respective sides, the Vice-president's team eventually winning.

The evening proved altogether too short for the younger generation, but at 8.15 found all expressing great pleasure for the delightful time spent at the Experimental Farm. The association is indebted to Mr. Straight and the employees for the

very efficient way in which the programme was carried out.

MONSTER OUTING AT ROSE BAY ENJOYED

Brotherhood of Victoria West and P. T.'s Picnic at Esquimalt

The Victoria West Parent-Teacher Association and the Victoria West Brotherhood held a joint picnic at Rose Bay, Macaulay Point, Saturday afternoon, at which over 300 were present. An interesting programme of sports was carried out, to the keen delight of the many children who were present. Treasure hunts were arranged; swimming parties enjoyed bathing in the water of sandy Rose Bay, and those who felt inclined

spent their time watching the others and resting.

The party was fully assembled at an early hour in the afternoon, and at 2.30 p. m. the first event of the sport programme was run. Competitions of this sort kept the picnicers interested until such time as it was thought desirable and necessary that an evening meal be spread out on the grass. After a short respite the officials were called into action again, and the remainder of the competitive events were finished. But this was not until close to 8 o'clock.

C. F. Hanfield, ex-president of the Brotherhood, spoke on the activities of the Victoria West Brotherhood, and the progress they were making in different directions along business lines. Emphasis was placed on the Summer Fair to be held in August. The co-operation of all West Victoria residents was sought. Dr. M. Haynor presented the prizes to the winners of the contests, and spoke of the new park which is to be made a community sport centre, with a game supervisor always on hand. This is a cherished plan of the Victoria West Brotherhood and the Parent-Teacher Association.

The picnicers did not leave the grounds until a late hour, some parties remaining on the beach beside a huge fire, roasting potatoes and corn.

WELL-KNOWN MUSICIAN VISITING VICTORIA

Maurice Besly an examiner for the Association Boards of the Royal College of Music, London, England, is registered at the Glenahiel Inn. The excellent standard of music attained by the children; the number of automobiles and the splendid roads; and the great varieties of ice creams, says Mr. Besly, are among the points that impressed themselves in his mind after his first tour of the Dominion. Serving as a Captain in the Royal Engineers during the war, Mr. Besly had the unique experience of being recognized by one of his German guards when he returned after the cessation of hostilities to Mainz, as a conductor. Mr. Besly is known also as a composer, the "Mist in the Valley" being from his versatile pen.

HOW ONTARIO VOTED in the Provincial election of 1921 (upper map) and the Federal election of 1921 (lower map). The areas in black on both maps represent ridings that elected U. F. O. or Progressive members. The white areas returned Liberals. The shaded areas elected Conservatives. There are only eighty-two Federal ridings as compared with 111 Provincial ridings, so the electors are differently grouped, a fact which, alone, would give different results.

for teams of three animals—a milking goat, a yearling and a kid.

The Saanen Cup for the best Saanen doe in milk, and the Toggenburg Cup for the best Toggenburg doe, are offered for competition for the first time. Each cup has to be won three years in succession before becoming the property of the winner. In addition to the cups many special prizes are offered. The Association offers a handsome diploma for the best kid of each breed. Several owners of stud bucks offer prizes of three, two and one dollars for three best kids sired by their animals.

A lady member offers three dollars, and two dollars for the two goats showing evidence of most care and attention on the part of their owners; and this novel competition should arouse much interest. Prizes of three and two dollars are offered by a well known Tog breed for the Toggenburg does showing best milk conformation.

All winners, whether first, second or third, will receive one of the finely designed prize cards of the Association.

Entries will close on Wednesday, and no entries will be received after that date.

NAVAL VETERANS.

A well attended and enthusiastic meeting consisting of ex-officers, petty officers and ratings of all branches of the Imperial and Canadian naval services met to consider the advisability of forming a Naval Veterans' Association. The first part of the meeting was

AFTER-EATING DISTRESS

And all forms of stomach trouble such as gas pains, acid, sour burning stomach are all relieved in two minutes by taking JO-TO. JO-TO sold by all Druggists. (Advt.)

taken up with the recruiting of volunteers. The suggestions put forward were thoroughly debated, it being finally decided to put forth every effort to have the object brought before the general public, pointing out the many advantages to be gained for young men of sixteen years and upwards in return for one evening's drill per week.

The meeting then proceeded to discuss a Naval Veterans' Association. It was pointed out by the chairman that the formation of an association of this kind, instead of a club, was to avoid the usual "club" spirit, and that the main object of the Association was to reunite ex-members of the naval forces who could meet together and discuss naval affairs to their mutual benefit, and probably be of assistance in keeping alive the naval spirit. At the conclusion of the debate a Naval Service Association was formed, with the following officers being appointed: provisionally, with two members added, the whole to form a committee on constitution. President, P. W. H. James, vice-president, W. P. McDonagh, secretary, W. H. Hadley, G. W. H. Edwards, W. Dalloway. At the next meeting the main business will be the election of officers for the year and the adoption of the constitution. All ex-naval men of all ranks and ratings are cordially invited to join the Association. Any information will gladly be given by the secretary.

GOAT BREEDERS PREPARE TO SHOW

Look for Excellent Turnout of Saanen, Toggenburg, and Nubian Classes

Victoria's fifth annual Goat Show will be held on Saturday. The local branch of the B. C. Goat Breeders' Association has been fortunate enough to obtain the use of the convenient ground at the rear of the City Hall, and this will be fenced in with canvas for the Show.

Entry forms are now in the hands of all members, and a large number of entries have already been received. Last year a hundred animals were exhibited, and the Committee in charge look forward confidently to seeing this total exceeded at the forthcoming show.

Three handsome challenge cups are offered for competition, chief among which is the Victoria Challenge Cup

"He left her without a penny"

"Isn't it terrible? She's taking boarders and trying—goodness knows how—to make ends meet. The children are in an institution."

Will that be said of you—and about your wife?

It may be, unless you have provided for her a legacy or guaranteed monthly income through the medium of an Imperial Home Protection Policy. Why not secure one of these policies while you are in good health? To-morrow may be too late.
